**50-State Survey**

## Legal Interventions to Reduce Overdose Mortality: Overdose Good Samaritan Laws

Drug overdose is a nationwide epidemic that likely claimed the lives of nearly 90,000 people in the United States in 2020.<sup>1</sup> Opioids, either alone or in combination with other drugs or alcohol, were responsible for approximately 70% of these deaths. Opioid overdose is reversible through the timely administration of the medication naloxone and, where needed, the provision of other emergency care.<sup>2</sup> Individuals experiencing overdose caused by non-opioid drugs also benefit from the quick provision of emergency medical care.

However, people who witness an overdose are often afraid to call for help because emergency medical services responders (EMS) are often accompanied by law enforcement officers, and many aspects of the use of controlled substances in the United States remain illegal.<sup>3</sup> Many individuals therefore fear that alerting EMS to an overdose might result in themselves, the person overdosing, or both being arrested or prosecuted for possession of illegal drugs, drug paraphernalia, violation of probation, or other crimes.<sup>4</sup> They may also fear non-criminal consequences such as loss of housing or the involvement of child welfare authorities.<sup>5</sup>

To encourage bystanders to summon emergency medical assistance in an overdose, most states have enacted overdose Good Samaritan legislation that provides limited immunity to individuals who do so. As of December 31, 2020, 47 states and the District of Columbia have enacted these laws, which are associated with an approximate 15% reduction in overdose deaths.<sup>6</sup> Recent research suggests that overdose Good Samaritan laws that provide protection from arrest are much more effective than those that provide protection only from charge or prosecution.<sup>7</sup>

The table below provides information on these laws. Each column displays whether the law in each state provides protection from arrest, charge, and prosecution for both controlled substance possession and paraphernalia possession. They then display whether the law provides protection from protective or restraining orders, probation or parole violations, and other crimes. Finally, the columns display whether the law provides that reporting an overdose can be a mitigating factor in sentencing for crimes for which immunity is not provided and whether the law provides other protections, such as from civil asset forfeiture.<sup>8</sup>

This table covers laws that provide protection in the case of drug overdose only. It does not include laws or provisions specific to alcohol overdose. Extensive footnotes provide additional information on the specifics of each state's law. The provisions for which information are provided were selected because they are the most prevalent; they are not intended to suggest best practices. For the purposes of brevity, the following

abbreviations are used throughout the table: “LE” = Law Enforcement; “LEO” = Law Enforcement Officer; “OD” = Overdose; “ID” = Identification; “EMS” = Emergency Medical Services; “CS” = Controlled Substances.

As with most public health issues, there is no magic bullet to preventing overdose deaths. A comprehensive solution that includes increased access to evidence-based treatment, de-stigmatization of people who use drugs, and de-criminalization of substance use disorder is necessary to create large-scale, lasting change. In the meantime, states should consider adopting broad overdose Good Samaritan laws that provide protection from arrest as well as from violation of probation or parole. Such laws have few if any negative effects, can be implemented at little or no cost, and save both lives and resources.

## Characteristics of state overdose Good Samaritan laws

<sup>1</sup> National Center for Health Statistics, *Vital Statistics Rapid Release: Provisional Drug Overdose Death Counts(2021)*, available at <https://www.cdc.gov/nchs/nvss/vsrr/drug-overdose-data.htm>.

<sup>2</sup> Opioid overdose is caused by excessive depression of the respiratory and central nervous systems. Naloxone, a  $\kappa$ - and  $\delta$ , and  $\mu$ -opioid receptor competitive antagonist, works by displacing opioids from these receptors, thereby reversing their depressant effect. See J. M. Chamberlain & B. L. Klein, *A comprehensive review of naloxone for the emergency physician*, 12 AM J EMERG MED (1994).

<sup>3</sup> S. Koester, et al., *Why are some people who have received overdose education and naloxone reticent to call Emergency Medical Services in the event of overdose?*, 48 INT J DRUG POLICY (2017).

<sup>4</sup> Karin Tobin, et al., *Calling emergency medical services during drug overdose: an examination of individual, social and setting correlates*, 100 Addiction 397 (2005); Robin A. Pollini, et al., *Response to Overdose Among Injection Drug Users*, 31 American Journal of Preventive Medicine 261 (2006).

<sup>5</sup> K. D. Wagner, et al., *Post-overdose interventions triggered by calling 911: Centering the perspectives of people who use drugs (PWUDs)*, 14 PLOS ONE (2019); A. D. Latimore & R. S. Bergstein, *"Caught with a body" yet protected by law? Calling 911 for opioid overdose in the context of the Good Samaritan Law*, 50 INT J DRUG POLICY (2017).

<sup>6</sup> See Chandler McClellan, et. al., *Opioid-overdose laws associated with opioid use and overdose mortality*, 86 ADDICTIVE BEHAVIORS 90 (Nov. 2018).

<sup>7</sup> L. Hamilton, et al., *Good Samaritan laws and overdose mortality in the United States in the fentanyl era*, 97 INT J DRUG POLICY (2021).

<sup>8</sup> Note that the "Mitigating factor" column is coded as a "Yes" only if the law provides mitigation for the act of reporting an overdose, not simply responding.

<sup>9</sup> A "seeker for self" is a person who is themselves experiencing an overdose and seeks assistance. A seeker for others is a person who seeks assistance for another individual who is experiencing an overdose. A person experiencing an overdose is the person for whom assistance is sought. Some states are not specific as to whether the seeker must be calling for another person in order to receive immunity. For the purposes of this chart, when the law does not clearly state that the seeker must be calling for another person, we assume that either calling for another person or calling for oneself would qualify for immunity.

<sup>10</sup> For the purposes of brevity, the following abbreviations will be used throughout the chart: "LE" = Law Enforcement; "LEO" = Law Enforcement Officer; "OD" = Overdose; "ID" = Identification; "EMS" = Emergency Medical Services; "CS" = Controlled Substances.

<sup>11</sup> An individual "may not be prosecuted for a misdemeanor controlled substance offense if law enforcement became aware of the offense solely because the individual was seeking medical assistance for another individual under this article." Ala. Code § 20-2-281.

<sup>12</sup> Use or possession with intent to use is a misdemeanor in most circumstances, and therefore covered by the immunity provisions. However, possession of paraphernalia with intent to illegally manufacture a controlled substance is a felony, and therefore not covered. Ala. Code § 13A-12-260(c).

<sup>13</sup> The law provides protection from all misdemeanor controlled substance offenses with the exception of driving under the influence. Ala. Code § 20-2-281(b).

<sup>14</sup> Mitigation law effective September 8, 2008. Good Samaritan law effective October 8, 2014.

<sup>15</sup> Changes effective July 12, 2016 appear to have been made solely to conform the statute to changes made in Alaska Stat.

§§ 11.70.050, to which it refers. They are not substantive. July 2019 changes added immunity from some possession crimes (Alaska Stat. §§ 11.70.040(a)(12); § 11.71.040(a)(5)) that were not previously included but removed immunity from possessing some drugs in a school zone (Alaska Stat. §§ 11.70.030(a)(3)).

<sup>16</sup> In this section, “drug overdose” is defined as “a controlled-substance-induced physiological event that results in a life-threatening emergency to the person who ingested, inhaled, injected, or otherwise introduced the controlled substance into the body.” Alaska Stat. § 11.71.311(b).

<sup>17</sup> “A person may not be prosecuted for a violation of AS 11.71.040(a)(3), (4), or (12), 11.71.050(a)(4) or (5), or 11.71.060(a)(1) or (2) if that person (1) sought, in good faith, medical or law enforcement assistance for another person who the person reasonably believed was experiencing a drug overdose . . .” and meets the other requirements of the law. Alaska Stat. § 11.71.311(a).

<sup>18</sup> Possession of drug paraphernalia is not a crime under Alaska state law, although several municipalities have enacted local paraphernalia ordinances.

<sup>19</sup> Immunity applies to Alaska Stat. § 11.71.060(a) and (b), per § 11.71.311(a).

<sup>20</sup> Downward deviation in sentencing “shall be considered by the sentencing court if proven in accordance with this section and may allow imposition of a sentence below the presumptive range.” Where “the defendant is convicted of an offense under AS 11.71, and the defendant sought medical assistance for another person who was experiencing a drug overdose contemporaneously with the commission of the offense” Alaska Stat. § 12.55.155(d)(19). 11.71 is the section of the law pertaining to controlled substances.

<sup>21</sup> Law is repealed on July 1, 2023. See Ariz. Laws 2018, 1st S.S., Ch. 1, § 7.

<sup>22</sup> “A person who, in good faith, seeks medical assistance for someone experiencing a drug-related overdose...” Ariz. Rev. Stat. § 13-3423(A).

<sup>23</sup> ““Seeks medical assistance” means to call 911 or otherwise contact law enforcement, poison control or a hospital emergency department.” Ariz. Rev. Stat. § 13-3423(F)(2).

<sup>24</sup> “A person who, in good faith, seeks medical assistance for someone experiencing a drug-related overdose may not be charged or prosecuted for the possession or use of a controlled substance or drug paraphernalia or a preparatory offense if the evidence for the violation was gained as a result of the person’s seeking medical assistance;” “A person who experiences a drug-related overdose, who is in need of medical assistance and for whom medical assistance is sought pursuant to subsection A of this section may not be charged or prosecuted for the possession or use of a controlled substance or drug paraphernalia if the evidence for the violation was gained as a result of the person’s overdose and need for medical assistance.” Ariz. Rev. Stat. § 13-3423(A); (B).

<sup>25</sup> “A person who, in good faith, seeks medical assistance for someone experiencing a drug-related overdose may not be charged or prosecuted for the possession or use of a controlled substance or drug paraphernalia or a preparatory offense if the evidence for the violation was gained as a result of the person’s seeking medical assistance;” “A person who experiences a drug-related overdose, who is in need of medical assistance and for whom medical assistance is sought pursuant to subsection A of this section may not be charged or prosecuted for the possession or use of a controlled substance or drug paraphernalia if the evidence for the violation was gained as a result of the person’s overdose and need for medical assistance.” Ariz. Rev. Stat. § 13-3423(A); (B).

<sup>26</sup> “The act of seeking medical assistance for someone who is experiencing a drug-related overdose may be used as a mitigating factor in a criminal prosecution for a violation of this chapter.” Ariz. Rev. Stat. § 13-3423(C).

<sup>27</sup> ““Seeks medical assistance” means accesses or assists in accessing the 911 system or otherwise contacts or assists in contacting law enforcement or a poison control center and provides care to a person experiencing or believed to be experiencing a drug overdose.” Ark. Code. § 20-13-1703(4).

<sup>28</sup> “A person shall not be arrested, charged, or prosecuted for possession of a controlled substance in violation of § 5-64-419 if the evidence for the arrest, charge, or prosecution of the possession of a controlled substance in violation of § 5-64-419 resulted solely from seeking medical assistance if: (1) The person in good faith seeks medical assistance for another person who is experiencing a drug overdose; or (2) The person is experiencing a drug overdose and in good faith seeks medical assistance for himself or herself.” Ark. Code Ann. § 20-13-1704(a).

<sup>29</sup> “A person shall not be subject to penalties for a violation of a permanent or temporary protective order or restraining order or sanctions for a violation of a condition of pretrial release, condition of probation, or condition of parole based on the possession of a controlled substance in violation of § 5-64-419 if the penalties or sanctions are related to the seeking of medical assistance.” Ark. Code. § 20-13-1704(b).

<sup>30</sup> Immunity is available to “one or more other persons at the scene of the overdose” who seek medical assistance in good faith for the person experiencing the overdose. CA Health & Safety Code § 11376.5(b).

<sup>31</sup> “For the purposes of this section, “drug-related overdose” means an acute medical condition that is the result of the ingestion or use by an individual of one or more controlled substances or one or more controlled substances in combination with alcohol, in quantities that are excessive for that individual that may result in death, disability, or serious injury. An individual’s condition shall be deemed to be a “drug-related overdose” if a reasonable person of ordinary knowledge would believe the condition to be a drug-related overdose that may result in death, disability, or serious injury.” CA Health & Safety Code § 11376.5(e).

<sup>32</sup> “[I]t shall not be a crime for a person to be under the influence of, or to possess for personal use, a controlled substance, controlled substance analog, or drug paraphernalia, if that person, in good faith, seeks medical assistance for another person experiencing a drug-related overdose . . .;” “[I]t shall not be a crime for a person who experiences a drug-related overdose and who is in need of medical assistance to be under the influence of, or to possess for personal use, a controlled substance, controlled substance analog, or drug paraphernalia, if the person or one or more other persons at the scene of the overdose, in good faith, seek medical assistance for the person experiencing the overdose.” Cal. Health & Safety Code § 11376.5 (a); (b).

<sup>33</sup> “[I]t shall not be a crime for a person to be under the influence of, or to possess for personal use, a controlled substance, controlled substance analog, or drug paraphernalia, if that person, in good faith, seeks medical assistance for another person experiencing a drug-related overdose . . .;” “[I]t shall not be a crime for a person who experiences a drug-related overdose and who is in need of medical assistance to be under the influence of, or to possess for personal use, a controlled substance, controlled substance analog, or

drug paraphernalia, if the person or one or more other persons at the scene of the overdose, in good faith, seek medical assistance for the person experiencing the overdose.” Cal. Health & Safety Code § 11376.5 (a); (b).

<sup>34</sup> “This section shall not affect laws prohibiting the selling, providing, giving, or exchanging of drugs, or laws prohibiting the forcible administration of drugs against a person’s will.” CA Health & Safety Code § 11376.5(c).

<sup>35</sup> Effective June 6, 2014, the law was amended to add illegal possession of marijuana and marijuana paraphernalia by an underage person. Colo. Rev. Stat. § 18-1-711(3)(h) (2014). Effective August 10, 2016, text was changed from “immune from criminal prosecution” to “immune from arrest and prosecution.” Effective March 1, 2020, the law was amended to modify the quantities of marijuana that qualify for immunity and to add immunity for less than three ounces of marijuana concentrate. Colo. Rev. Stat. § 18-1-711 (2020).

<sup>36</sup> The requirements do not specify that reporting the overdose must be for another person or for any specific individual. Colo. Rev. Stat. § 18-1-711(1).

<sup>37</sup> “As used in this section, unless the context otherwise requires, “emergency drug or alcohol overdose event” means an acute condition including, but not limited to, physical illness, coma, mania, hysteria, or death resulting from the consumption or use of a controlled substance, or of alcohol, or another substance with which a controlled substance or alcohol was combined, and that a layperson would reasonably believe to be a drug or alcohol overdose that requires medical assistance.” Colo. Rev. Stat. § 18-1-711(5).

<sup>38</sup> “A person is immune from arrest and prosecution for an offense. . .” of possession of a controlled substance. Colo. Rev. Stat. § 18-1-711 (1); (3)(a).

<sup>39</sup> “A person is immune from arrest and prosecution for an offense. . .” of possession of drug paraphernalia. Colo. Rev. Stat. § 18-1-711 (1); (3)(g).

<sup>40</sup> The immunity provisions are contained in two separate statutes, Conn. Gen. Stat. § 21a-267(e) (paraphernalia possession) and Conn. Gen. Stat. § 21a-279(d) (drug possession). The two sections were enacted simultaneously and the text is nearly identical.

<sup>41</sup> Amendments were made October 1, 2013 and October 1, 2015 to Conn. Gen. Stat. § 21a-279 that did not affect the Good Samaritan provisions detailed in this table.

<sup>42</sup> “Good faith does not include seeking medical assistance during the course of the execution of an arrest warrant or search warrant or a lawful search.” Conn. Gen. Stat. § 21a-267(e).

<sup>43</sup> Certain prohibitions “shall not apply” to seekers or person experiencing an overdose. Conn. Gen. Stat. § 21a-279(d).

<sup>44</sup> “The provisions of subsection (a) of this section shall not apply.” Conn. Gen. Stat. § 21a-267(e).

<sup>45</sup> Immunity is provided for violations of Conn. Gen. Stat. § 21a-267(a), which prohibits the “use or possess[ion] with intent to use drug paraphernalia . . . to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain or conceal, or to ingest, inhale or otherwise introduce into the human body, any controlled substance, as defined in subdivision (9) of section 21a-240, other than a cannabis-type substance in a quantity of less than one-half ounce.” Conn. Gen. Stat. § 21a-267(d).

<sup>46</sup> Not noted on this table, the law was amended effective March 16, 2021 to include immunity for someone who administers an opioid antagonist to themselves or others and to someone who is a bystander of any covered activity. Immunity from possession of drug paraphernalia with the intent to use it to administer a controlled substance was removed as DC repealed the law on possession of drug paraphernalia. Further, seeking healthcare or administering an opioid antagonist may now be used as mitigation in any offense, not just a drug or alcohol related offense. Mar. 16, 2021, D.C. Law 23-182, § 2, 68 DCR 8.

<sup>47</sup> In this section, “overdose” means “an acute condition of physical illness, coma, mania, hysteria, seizure, cardiac arrest, cessation of breathing, or death, which is or reasonably appears to be the result of consumption or use of drugs or alcohol and relates to an adverse reaction to or the quantity ingested of the drugs or alcohol, or to a substance with which the drugs or alcohol was combined.” D.C. Code § 7-403(i)(3).

<sup>48</sup> “Notwithstanding any other law, the offenses listed in subsection (b) of this section shall not be considered crimes and shall not serve as the sole basis for revoking or modifying a person’s supervision status. . .” including “unlawful possession of a controlled substance. . .” D.C. Code § 7-403(a); (b).

<sup>49</sup> “Notwithstanding any other law, the offenses listed in subsection (b) of this section shall not be considered crimes. . .” including unlawful possession of drug paraphernalia. D.C. Code § 7-403 (a); (b)(2)-(3).

<sup>50</sup> The offense for which immunity is granted “shall not serve as the sole basis for revoking or modifying a person’s supervision status.” D.C. Code § 7-403(a). “Supervision status” is defined as “probation or release pending trial, sentencing, appeal, or completion of sentence, for a violation of District law.” D.C. Code § 7-403(i)(4).

<sup>51</sup> The good faith seeking of health care for oneself or another “may be considered by the court as a mitigating factor in any criminal prosecution or sentencing for a drug or alcohol-related offense that is not an offense listed in subsection (b) of this section.” D.C. Code § 7-403(c).

<sup>52</sup> In this section, “‘overdose’ means an acute condition including, but not limited to, physical illness, coma, mania, hysteria, or death resulting from the consumption or use of an ethyl alcohol, a controlled substance, another substance with which a controlled substance was combined, a noncontrolled prescription drug, or any combination of these, including any illicit or licit substance; provided that a person’s condition shall be deemed to be an overdose if a layperson could reasonably believe that the condition is in fact an overdose and requires medical assistance.” Del. Code tit. 16, § 4769(a)(2).

<sup>53</sup> “The immunity granted shall apply to all offenses in this chapter that are not class A, B, or C felonies.” Del. Code tit. 16, § 4769(c). Per § 4763, regarding possession of controlled substances or counterfeit controlled substances, subsection (b) stipulates that “any person who violates subsection (a) of this section shall be guilty of a class B misdemeanor. Del. Code tit. 16, § 4763(2)(b). Therefore, possession of controlled substances, regardless of the amount, is a covered offense.

<sup>54</sup> “The immunity granted shall apply to all offenses in this chapter that are not class A, B, or C felonies, including but not limited to the following offenses . . . [p]ossession of drug paraphernalia as described in §§ 4762(c) and 4771 of this title. . .” Del. Code tit. 16, § 4769(c)(4).

<sup>55</sup> “A person who is experiencing an overdose or other life-threatening medical emergency and anyone (including the person experiencing the emergency) seeking medical attention for that person shall not be arrested, charged or prosecuted for an offense for which they have been granted immunity pursuant to subsection (c) and/or (d) of this section, or subject to the revocation or modification of the conditions of probation...” Del. Code tit. 16, § 4769(b).

<sup>56</sup> Immunity is also provided for “all offenses in this chapter that are not class A, B, or C felonies,” including certain offenses concerning underage drinking, marijuana possession, as well as “Miscellaneous drug crimes as described in § 4757 (a)(3), (6), and (7) of this Chapter.” Del. Code tit. 16, § 4769(c). “This chapter” refers to Chapter 47, the Uniform Controlled Substances Act.

<sup>57</sup> The law was amended in 2019 in several substantive ways. First, immunity from “arrest” was added, as was immunity related to alcohol-related overdoses. Immunity from paraphernalia arrest, charge, and prosecution was added, as was a section which provides that individuals who receive immunity “may not be penalized for violation of a condition of pretrial release, probation, or parole if the evidence of such violation was obtained as a result of the person’s seeking medical assistance.” Law was also modified to include people believed to be experiencing an overdose, not just those actually experiencing one.

<sup>58</sup> While it is likely that the law was intended to provide immunity from crimes for the person who experienced an overdose, it only explicitly gives protection from violation of conditions of pretrial release, probation, or parole.

<sup>59</sup> Under the Good Samaritan law, a person is provided immunity from violation of § 893.13(6), excluding paragraph (c). Per 893.13(6)(c), “a person may not possess more than 10 grams of any substance named or described in s. 893.03(1)(a), (1)(b), or (2)(b), or any combination thereof, or any mixture containing any such substance.” These include most schedule 1 and some schedule 2 substances.

<sup>60</sup> “A person acting in good faith who seeks medical assistance for an individual experiencing, or believed to be experiencing, an alcohol-related or a drug-related overdose may not be arrested, charged, prosecuted, or penalized for a violation of s. 893.147(1) or s. 893.13(6), excluding paragraph (c), if the evidence for such offense was obtained as a result of the person’s seeking medical assistance;” “A person who experiences, or has a good faith belief that he or she is experiencing, an alcohol-related or a drug-related overdose and is in need of medical assistance may not be arrested, charged, prosecuted, or penalized for a violation of s. 893.147(1) or s. 893.13(6), excluding paragraph (c), if the evidence for such offense was obtained as a result of the person’s seeking medical assistance.” Fla. Stat. § 893.21(1); (2).

<sup>61</sup> Both the seeker and the person experiencing an overdose cannot be “penalized for a violation of a condition of pretrial release, probation, or parole if the evidence for such violation was obtained as a result of the person’s seeking medical assistance.” Fla. Stat. § 893.21(3).

<sup>62</sup> “Mitigating circumstances under which a departure from the lowest permissible sentence is reasonably justified include, but are not limited to: . . .(n) The defendant was making a good faith effort to obtain or provide medical assistance for an individual experiencing a drug-related overdose.” Fla. Stat. § 921.0026(2)(n).

<sup>63</sup> “Medical assistance” means aid provided to a person by a health care professional licensed, registered, or certified under the laws of this state who, acting within his or her lawful scope of practice, may provide diagnosis, treatment, or emergency medical services.

“Seeks medical assistance” means accesses or assists in accessing the 9-1-1 system or otherwise contacts or assists in contacting law enforcement or a poison control center and provides care to a person while awaiting the arrival of medical assistance to aid such person.” Ga. Code Ann. § 16-13-5(3)-(4).

<sup>64</sup> In this section, “drug overdose” means “an acute condition, including, but not limited to, extreme physical illness, decreased level of consciousness, respiratory depression, coma, mania, or death, resulting from the consumption or use of a controlled substance or dangerous drug by the distressed individual in violation of this chapter or that a reasonable person would believe to be resulting from the consumption or use of a controlled substance or dangerous drug by the distressed individual.” Ga. Code Ann. § 16-13-5(a)(1).

<sup>65</sup> “Drug violation” means: “(A) A violation of subsection (a) of Code Section 16-13-30 for possession of a controlled substance if the aggregate weight, including any mixture, is less than four grams of a solid substance, less than one milliliter of liquid substance, or if the substance is placed onto a secondary medium with a combined weight of less than four grams; (B) A violation of paragraph (1) of subsection (j) of Code Section 16-13-30 for possession of less than one ounce of marijuana...” Ga. Code Ann. § 16-13-5(a)(2).

<sup>66</sup> Immunity is granted for drug violations including “[a] violation of Code Section 16-13-32.2, relating to possession and use of drug related objects.” Ga. Code Ann. § 16-13-5(2)(C).

<sup>67</sup> “Any such person shall also not be subject to, if related to the seeking of such medical assistance: . . .(2) sanctions for a violation of a condition of pretrial release, condition of probation, or condition of parole based on a drug violation.” Ga. Code Ann. § 16-13-5(b)(2).

<sup>68</sup> “Any such person shall also not be subject to, if related to the seeking of such medical assistance: (1) Penalties for a violation of a permanent or temporary protective order or restraining order.” Ga. Code Ann. § 16-13-5(b)(2).

<sup>69</sup> In this section, “drug or alcohol overdose” is defined as (1) “A condition, including but not limited to extreme physical illness, decreased level of consciousness, respiratory depression, coma, mania, or death, that is the result of consumption or use of a controlled substance or alcohol or a substance with which the controlled substance or alcohol was combined; or (2) a condition that a layperson would reasonably believe to be a drug or alcohol overdose that requires medical assistance.” Haw. Rev. Stat. § 329-43.6(a)(1)-(a)(2).

<sup>70</sup> “Seeks medical assistance” or “seeking medical assistance” includes but is not limited to reporting a drug or alcohol overdose to law enforcement, the 911 system, a poison control center, or a medical provider; assisting someone so reporting; or providing care to someone who is experiencing a drug or alcohol overdose while awaiting the arrival of medical assistance. Haw. Rev. Stat. § 329-43.6(a).

<sup>71</sup> Shall not be arrested, charged, prosecuted, or convicted, or otherwise be penalized for: “(1) Possession of a controlled substance or drug paraphernalia under this chapter or part IV of chapter 712.” Haw. Rev. Stat. § 329-43.6(b)(1).

<sup>72</sup> Shall not be arrested, charged, prosecuted, or convicted, or otherwise be penalized for: “(1) Possession of a controlled substance or drug paraphernalia under this chapter or part IV of chapter 712.” Haw. Rev. Stat. § 329-43.6(b)(1).

<sup>73</sup> Covered person cannot be penalized for “violation of probation or parole.” Haw. Rev. Stat. § 329-43.6(b)(4).

<sup>74</sup> Shall not be arrested, charged, prosecuted, or convicted, or otherwise be penalized for: ... “(3) Violation of a restraining order.” Haw. Rev. Stat. § 329-43.6(b)(3).

<sup>75</sup> Haw. Rev. Stat. § 329-43.6(b).

<sup>76</sup> “The act of seeking medical assistance for someone who is experiencing a drug or alcohol overdose shall be considered by the court as a mitigating factor in any controlled substance or alcohol-related criminal prosecution for which immunity is not provided by this section.” Haw. Rev. Stat. § 329-43.6(c).

<sup>77</sup> In this section, “Drug-related overdose” is defined as a “condition of a person for which each of the following is true: (1) The person is in need of medical assistance. (2) The person displays symptoms including but not limited to extreme physical illness, pinpoint pupils, decreased level of consciousness including coma, or respiratory depression. (3) The person’s condition is the result of, or a prudent layperson would reasonably believe such condition to be the result of, the consumption or use of a controlled substance.” Iowa Code § 124.418(1)(a).

<sup>78</sup> In this section, an “‘overdose reporter’ means a person who seeks medical assistance for an overdose patient and who has not previously received immunity under this section. Iowa Code § 124.418(1)(c). ‘Overdose patient’ means a person who is, or would reasonably be perceived to be, suffering a drug-related overdose and who has not previously received immunity under this section.” Iowa Code § 124.418(1)(b).

<sup>79</sup> Protected information “shall not be considered to support probable cause and shall not be admissible as evidence against an overdose patient or overdose reporter” for possession of a controlled substance under section 124.401, subsection 5. Iowa Code § 124.418(2)(b).

<sup>80</sup> Protected information “shall not be considered to support probable cause and shall not be admissible as evidence against an overdose patient or overdose reporter for” paraphernalia-related offenses. Iowa Code § 124.418(2)(d).

<sup>81</sup> “A person’s pretrial release, probation, supervised release, or parole shall not be revoked based on protected information.” Iowa Code § 124.418(3).

<sup>82</sup> Only if such delivery involved the sharing of the controlled substance without profit. Iowa Code § 124.418(2)(a).

<sup>83</sup> Iowa Code § 124.418(2)(c) provides immunity from violation of section 124.407: “It is unlawful for any person to sponsor, promote, or aid, or assist in the sponsoring or promoting of a meeting, gathering, or assemblage with the knowledge or intent that a controlled substance be there distributed, used, or possessed, in violation of this chapter. Any person who violates this section and where the controlled substance is anyone other than marijuana is guilty of a class “D” felony. Any person who violates this section, and where the controlled substance is marijuana only, is guilty of a serious misdemeanor.” Iowa Code § 124.407.

<sup>84</sup> Iowa Code § 124.418(2)(d) provides immunity from violation of section 124.414, which, among other things, provides that “it is unlawful for any person to knowingly or intentionally manufacture, deliver, sell, or possess drug paraphernalia.” Iowa Code § 124.414(2).

<sup>85</sup> “Notwithstanding any other provision of law to the contrary, a court may consider the act of providing first aid or other medical assistance to someone who is experiencing a drug-related overdose as a mitigating factor in a criminal prosecution.” Iowa Code § 124.418(4).

<sup>86</sup> Immunity is provided for a person acting in good faith who seeks medical assistance for “any person” experiencing a drug-related medical emergency. Idaho Code Ann. § 37-2739C(1).

<sup>87</sup> Controlled substances classified in schedule I, II, III, IV, V are all covered in Idaho Code Ann. § 37-2732(c). Immunity from charge or prosecution for possession of controlled substances pursuant to section 37-2732(c)&(e) is provided by the Good Samaritan law. Idaho Code Ann. § 37-2739(C)(1). Thus, drug possession protection is given for any amount of a controlled substance. This protection includes marijuana felonies, as “any person found to possess marijuana [...] in an amount greater than 3 ounces net weight, it shall be a felony.” Idaho Code Ann. § 37-2732(e).

<sup>88</sup> Both the seeker and the person experiencing overdose “shall not be charged or prosecuted for . . . using or possessing with intent to use drug paraphernalia pursuant to section 37-2734A(1) . . .” Idaho Code Ann. § 37-2739C (1); (2).

<sup>89</sup> Law also provides protection from charge and possession for being under the influence of a controlled substance. Idaho Code Ann. § 37-2739(C)(1).

<sup>90</sup> “If the evidence for the charge of possession of or using or being under the influence of a controlled substance or using or possessing drug paraphernalia was obtained as a result of the person seeking medical assistance,” or “was obtained as a result of the medical emergency and the need for medical assistance.” Idaho Code Ann. § 37-2739(C)(1); (2).

<sup>91</sup> 730 Ill. Comp. Stat. § 5/5-5-3.1(a)(14) has been amended many times since the protection for those who call for help was added, but not in any way that affects the information in this table. Effective April 27, 2021, 720 Ill. Comp. Stat. § 570/414 has been amended to include protection from arrest in addition to charge and prosecution, and has added protection from seizure of property and violation of parole, supervised release, probation or conditional discharge. Also Effective April 27, 2021, 720 Ill. Comp. Stat. § 646/115 enacted similar amendments.

<sup>92</sup> “A person who, in good faith, seeks emergency medical assistance for someone experiencing an overdose shall not be charged or prosecuted...” 720 Ill. Comp. Stat. Ann. 646/115(b).

<sup>93</sup> An Illinois appeals court has clarified that the person who overdosed may be entitled to immunity even where they only “passively received” assistance as a result of citizen reports that she was unresponsive; such a person does not need to actively take any steps to obtain assistance. [People v. Teper, 74 N.E.3d 1011 \(Ill. App. Ct. 2016\)](#).

<sup>94</sup> In the section pertaining to Class 3 felony, “overdose” is defined as “a methamphetamine-induced physiological event that results in a life-threatening emergency to the individual who ingested, inhaled, injected, or otherwise bodily absorbed methamphetamine.” 720 Ill. Comp. Stat. 646/115(a). For the section pertaining to Class 4 felony, “overdose” is defined as a “controlled substance-induced physiological event that results in a life-threatening emergency to the individual who ingested, inhaled, injected or otherwise bodily absorbed a controlled, counterfeit, or look-alike substance or a controlled substance analog.” 720 Ill. Comp. Stat. § 570/414(a).

<sup>95</sup> “For the purposes of subsections (b) and (c), the limited immunity shall only apply to a person possessing the following amount: (1) less than 3 grams of a substance containing heroin; (2) less than 3 grams of a substance containing cocaine; (3) less than 3 grams of a substance containing morphine; (4) less than 40 grams of a substance containing peyote; (5) less than 40 grams of a substance containing a derivative of barbituric acid or any of the salts of a derivative of barbituric acid; (6) less than 40 grams of a substance containing amphetamine or any salt of an optical isomer of amphetamine; (7) less than 3 grams of a substance containing lysergic acid diethylamide (LSD), or an analog thereof; (8) less than 6 grams of a substance containing pentazocine or any of the salts, isomers and salts of isomers of pentazocine, or an analog thereof; (9) less than 6 grams of a substance containing methaqualone or any of the salts, isomers and salts of isomers of methaqualone; (10) less than 6 grams of a substance containing phencyclidine or any of the salts, isomers and salts of isomers of phencyclidine (PCP); (11) less than 6 grams of a substance containing ketamine or any of the salts, isomers and salts of isomers of ketamine; (12) less than 40 grams of a substance containing a substance classified as a narcotic drug in Schedules I or II, or an analog thereof, which is not otherwise included in this subsection. 720 Ill. Comp. Stat. § 570/414(d).

<sup>96</sup> “A person who is experiencing an overdose shall not be charged or prosecuted for Class 3 felony possession of methamphetamine if evidence for the Class 3 felony possession charge was acquired as a result of the person seeking or obtaining emergency medical assistance and providing the amount of substance recovered is less than one gram of methamphetamine or a substance containing methamphetamine.” 720 Ill. Comp. Stat. § 646/115(b)-(c). Possession of any amount of methamphetamine is a felony under Illinois law. Class 3 felonies are those where the amount is under 5 grams. 720 Ill. Comp. Stat. § 646/60(b).

<sup>97</sup> “A person who is experiencing an overdose shall not be charged or prosecuted for Class 4 felony possession of a controlled, counterfeit, or look-alike substance or a controlled substance analog if evidence for the Class 4 felony possession charge was acquired as a result of the person seeking or obtaining emergency medical assistance and providing the amount of substance recovered is within the amount identified in subsection (d) of this Section.” 720 Ill. Comp. Stat. § 570/414(b)-(c).

<sup>98</sup> “For the purposes of subsections (b) and (c), the limited immunity shall only apply to a person possessing the following amount: (1) less than 3 grams of a substance containing heroin; (2) less than 3 grams of a substance containing cocaine; (3) less than 3 grams of a substance containing morphine; (4) less than 40 grams of a substance containing peyote; (5) less than 40 grams of a substance containing a derivative of barbituric acid or any of the salts of a derivative of barbituric acid; (6) less than 40 grams of a substance containing amphetamine or any salt of an optical isomer of amphetamine; (7) less than 3 grams of a substance containing lysergic acid diethylamide (LSD), or an analog thereof; (8) less than 6 grams of a substance containing pentazocine or any of the salts, isomers and salts of isomers of pentazocine, or an analog thereof; (9) less than 6 grams of a substance containing methaqualone or any of the salts, isomers and salts of isomers of methaqualone; (10) less than 6 grams of a substance containing phencyclidine or any of the salts, isomers and salts of isomers of phencyclidine (PCP); (11) less than 6 grams of a substance containing ketamine or any of the salts, isomers and salts of isomers of ketamine; (12) less than 40 grams of a substance containing a substance classified as a narcotic drug in Schedules I or II, or an analog thereof, which is not otherwise included in this subsection.” 720 Ill. Comp. Stat. 570/414(d).

<sup>99</sup> “The following grounds shall be accorded weight in favor of withholding or minimizing a sentence of imprisonment: ... (14) The defendant sought or obtained emergency medical assistance for an overdose and was convicted of a Class 3 felony or higher possession, manufacture, or delivery of a controlled, counterfeit, or look-alike substance or a controlled substance analog under the Illinois Controlled Substances Act or a Class 2 felony or higher possession, manufacture or delivery of methamphetamine under the Methamphetamine Control and Community Protection Act.” See 730 Ill. Comp. Stat. § 5/5-5-3.1.

<sup>100</sup> This is the date that the law that provides mitigation went into effect. The main Good Samaritan law went into effect July 1, 2016.

<sup>101</sup> Prior to July 1, 2016, only the mitigation statute was in effect. From July 1, 2016 through June 30, 2019, the law read: “(6) IC 35-48-4-11.5 (possession of a synthetic drug or synthetic drug lookalike substance).” The section was modified to read “An offense under IC 35-48-4 involving possession of a synthetic drug (as defined in IC 35-31.5-2-321), possession of a controlled substance analog (as defined in IC 35-48-1-9.3), or possession of a substance represented to be a controlled substance (as described in IC 35-48-4-4.6).”

<sup>102</sup> While the language does not explicitly state that the protections apply only to a person who seeks assistance for another, the context makes relatively clear that that was the intent.

<sup>103</sup> A “law enforcement officer may not take an individual into custody” if the individual: (1) obtained an overdose intervention drug in accordance with state law; (2) administered the overdose intervention drug in accordance with state law; (3) provided the individual’s full name and any other relevant information requested by the law enforcement officer; (4) remained at the scene with the individual who reasonably appeared to need medical assistance until emergency medical assistance arrived; (5) cooperated with emergency medical assistance personnel and law enforcement officers at the scene; and (6) came into contact with law enforcement because the individual requested emergency medical assistance for another individual who appeared to be experiencing an opioid related overdose. Ind. Code § 16-42-27-2(g).

<sup>104</sup> The law provides that a law enforcement officer “may not take an individual into custody” where certain conditions are met. Ind. Code § 16-42-27-2(g). Further, an individual who meets relevant criteria “is immune from criminal prosecution.” Ind. Code § 16-42-27-2(h).

<sup>105</sup> Immunity is provided from Ind. Code § 35-38-4-7, the general controlled substance possession law, as well as Ind. Code § 35-38-4-6 (possession of cocaine), Ind. Code § 35-38-4-6.1 (possession of methamphetamine), Ind. Code § 35-38-4-11 (possession of marijuana), as well as possession offenses involving a synthetic drug, a controlled substance analog, or a substance represented to be a controlled substance. Ind. Code § 16-42-27-2(h).

<sup>106</sup> Immunity is provided for violations of Ind. Code § 35-48-4-8.3 (possession of paraphernalia). Ind. Code § 16-42-27-2 (h)(4).

<sup>107</sup> The court can consider various factors as mitigating circumstances or as favoring suspending the sentence and imposing probation including: "(12) The person was convicted of a crime relating to a controlled substance and the person's arrest or prosecution was facilitated in part because the person: (A) requested emergency medical assistance; or (B) acted in concert with another person who requested emergency medical assistance; for an individual who reasonably appeared to be in need of medical assistance due to the use of alcohol or a controlled substance." Ind. Code § 35-38-1-7.1(b)(12).

<sup>108</sup> In this section, "drug overdose" means "an acute condition of physical illness, coma, mania, hysteria, seizure, cardiac arrest, cessation of breathing, or death which reasonably appears to be the result of consumption or use of a controlled substance, or another substance with which a controlled substance was combined, and that a layperson would reasonably believe requires medical assistance." "Good faith" does not include "seeking medical assistance during the course of the execution of an arrest warrant, or search warrant, or a lawful search." Ky. Rev. Stat. Ann. § 218A.133(1)(a)-(1)(b).

<sup>109</sup> Despite this language, the state appellate court has ruled in an unpublished opinion that the statute requires actual, as opposed to apparent or perceived, overdose and need for medical assistance. *Commonwealth v. Milner*, 2019 WL 5280800 (Ky.App. 2019).

<sup>110</sup> The law states that a person will not be charged or prosecuted for a criminal offense prohibiting the possession of a controlled substance or possession of drug paraphernalia without specifying any amounts. Ky. Rev. Stat. Ann. § 218A.133(2).

<sup>111</sup> Immunity from charge or prosecution for possession of drug paraphernalia. Ky. Rev. Stat. Ann. § 218A.133(2).

<sup>112</sup> The statute provides immunity for a person acting in good faith who seeks assistance "for an individual." La. Stat. Ann. § 14:403.10(A). However, the protections do not apply to a person who "illegally provided or administered a controlled dangerous substance to the individual."

<sup>113</sup> The statute provides immunity for a person acting in good faith who seeks assistance "for an individual." La. Stat. Ann. § 14:403.10(A). However, the protections do not apply to a person who "illegally provided or administered a controlled dangerous substance to the individual."

<sup>114</sup> Louisiana courts have held that an "overdose" must be of a lethal, toxic, or poisonous amount that is capable of causing death or serious injury, rather than one which is merely dangerous, "too great a dose," or causing a lower level of consciousness. *State v. Brooks*, 210 So.3d 514, 16-345 (La. App. 5 Cir. 2016), although the Louisiana Supreme Court held, in denying a Writ of Certiorari in a different case, that while the overdose does not need to be "life-threatening," it does need to require medical assistance. *State v. Jago*, 228 So.3d 1218 (La. Sup. Ct. 2017).

<sup>115</sup> The protections of the law do not apply if "the person illegally provided or administered a controlled dangerous substance to the individual." La. Stat. Ann. § 14:403.10(A).

<sup>116</sup> The law does not limit the quantity of drugs for which the person will not be charged, prosecuted, or penalized. La. Stat. Ann. § 14:403.10(A)-(B).

<sup>117</sup> Immunity from prosecution under section 35, which prohibited being knowingly present at a place where heroin is kept or deposited, was removed, as that section has been repealed. Immunity was added for "violation of a condition of probation or pretrial release as determined by a court or a condition of parole, as determined by the parole board." Mass. Gen. Laws ch. 94C, § 34A(a)-(b).

<sup>118</sup> Immunity is provided for "possession of a controlled substance under section 34". Mass. Gen. Laws ch. 94C, § 34A(a). That section prohibits, among other things, the knowing or intentional possession of a controlled substance unless obtained pursuant to relevant law. Mass. Gen. Laws Ch. 94C, § 34A(a).

<sup>119</sup> Possession of paraphernalia is not criminalized in Massachusetts.

<sup>120</sup> A person who calls for help is not "in violation of a condition of probation, pretrial release, or condition of parole", if the evidence for the charge of possession of a controlled substance or violation was gained as a result of seeking medical assistance for another OR gained as a result of the overdose and the need for medical assistance. Mass. Gen. Laws Ch. 94C, § 34A(a)-(b).

<sup>121</sup> "Nothing contained in this section shall prevent anyone from being charged with trafficking, distribution or possession of a controlled substance with intent to distribute." Mass. Gen. Laws Ch. 94C, § 34A(d).

<sup>122</sup> "The act of seeking medical assistance for someone who is experiencing a drug-related overdose may be used as a mitigating factor in a criminal prosecution under the Controlled Substance Act, 1970 P.L. 91-513, 21 U.S.C. section 801, et seq." Mass. Gen. Laws Ann. Ch. 94c, § 34A(c). Because a state law cannot provide protection from a federal law, it is not clear what effect, if any, this provision has in practice.

<sup>123</sup> The law was amended several times from its enactment in 2009. The 2009 law only provided mitigation. The law was first amended in 2014 to add protection from prosecution for possession of drugs and drug paraphernalia for both the seeker and the victim, as well as those who provide or assist with providing medical assistance. Md. Code, Crim. Proc. § 1-210. The law was further amended in 2015 to add protection for "violations of pretrial release, probation, or parole conditions." Also, immunity from arrest and charge for a violation were added, as was protection from newly added section 5-620 (controlled paraphernalia). Lastly, rather than providing assistance to a person "experiencing a medical emergency", a person now only needs to provide assistance to a person "reasonably believed to be" experiencing a medical emergency. Md. Code, Crim. Proc. § 1-210. There were no substantive changes in the 2016 amendments.

<sup>124</sup> The language appears to apply only to a person who seeks assistance for themselves, and not a person who is the subject of assistance from another: "A person who, in good faith, seeks, provides, or assists with the provision of medical assistance for a person reasonably believed to be experiencing a medical emergency after ingesting or using alcohol or drugs..." Md. Code Ann., Crim. Proc. § 1-210(b).

<sup>125</sup> Immunity is provided for a violation of Md. Code, Crim. Proc. § 5-601, which prohibits illegal possession of drugs.

<sup>126</sup> Immunity is provided for a violation of Md. Code, Crim. Proc. § 5-619, which prohibits possession with intent to use drug paraphernalia, excepting drug paraphernalia involving marijuana.

<sup>127</sup> This protection applies only to the person who seeks, provides, or assists, and not the person who experienced the overdose. “A person who seeks, provides, or assists with the provision of medical assistance in accordance with subsection (b) or (c) of this section may not be sanctioned for a violation of a condition of pretrial release, probation, or parole if the evidence of the violation was obtained solely as a result of the person seeking, providing, or assisting with the provision of medical assistance.” Md. Code, Crim. Proc. § 1-210(d).

<sup>128</sup> Immunity is provided for violations of Md. Code, Crim. Proc. § 5-620.

<sup>129</sup> “The act of seeking, providing, or assisting with the provision of medical assistance for another person who is experiencing a medical emergency after ingesting or using alcohol or drugs may be used as a mitigating factor in a criminal prosecution of: (1) the person who experienced the medical emergency; or (2) any person who sought, provided, or assisted in the provision of medical assistance.” Md. Code, Crim. Proc. § 1-210(a).

<sup>130</sup> While the section of the statute pertaining to help seeking refers to a person who seeks assistance for “another person,” any person “who is experiencing a drug-related overdose and is in need of medical assistance” is entitled to immunity. We therefore interpret the law as providing immunity to an individual who seeks assistance for themselves.

<sup>131</sup> A person who in good faith seeks medical assistance for or administers naloxone hydrochloride to another person experiencing a drug-related overdose or who is experiencing a drug-related overdose and is in need of medical assistance may not be arrested or prosecuted for unlawful possession of scheduled drugs under Me. Stat. tit. 17-A § 1107-A. Me. Stat. tit. 17-A § 1111-B.

<sup>132</sup> A person who in good faith seeks medical assistance for or administers naloxone hydrochloride to another person experiencing a drug-related overdose or who is experiencing a drug-related overdose and is in need of medical assistance may not be arrested or prosecuted for possession with intent to use drug paraphernalia under Me. Stat. tit. 17-A § 1111-A or the illegal possession of hypodermic apparatuses under Me. Stat. tit. 17-A § 1111. Me. Stat. tit. 17-A § 1111-B.

<sup>133</sup> A person who in good faith seeks medical assistance for or administers naloxone hydrochloride to another person experiencing a drug-related overdose or who is experiencing a drug-related overdose and is in need of medical assistance may not be arrested or prosecuted for a violation of probation. Me. Stat. tit. 17-A, § 1111-B.

<sup>134</sup> A person who in good faith seeks medical assistance for or administers naloxone hydrochloride to another person experiencing a drug-related overdose or who is experiencing a drug-related overdose and is in need of medical assistance may not be arrested or prosecuted for acquiring drugs by deception under Me. Stat. tit. 17-A § 1108. Me. Stat. tit. 17-A § 1111-B.

<sup>135</sup> Michigan law provides protection in two separate sections: Mich. Comp. Laws § 333.7403 and Mich. Comp. Laws § 333.7404. § 333.7403 applies to possession and § 333.7404 to use. The Good Samaritan provisions are identical. From March 15, 2016 to January 3, 2017, the protection applied only to individuals under the age of 21, and only to prescription drugs. That was changed effective January 4, 2017 to apply to people of all ages and all controlled substances and controlled substance analogs.

<sup>136</sup> In this section, “drug overdose” is defined as a “condition including, but not limited to, extreme physical illness, decreased level of consciousness, respiratory depression, coma, mania, or death, that is the result of consumption or use of a controlled substance or a controlled substance analogue or a substance with which the controlled substance or controlled substance analogue was combined, or that a layperson would reasonably believe to be a drug overdose that requires medical assistance.” “Seeking medical assistance” is defined as “reporting a drug overdose or other medical emergency to law enforcement, the 9-1-1 system, a poison control center, or a medical provider, or assisting someone in reporting a drug overdose or other medical emergency.” Mich. Comp. Laws § 333.7403(7)(a)-(7)(b).

<sup>137</sup> Individuals who meet the requirements “are not in violation of this section.” Mich. Comp. Laws § 333.7403(3)(a); Mich. Comp. Laws § 333.7404(3)(a). Pertains to “an amount sufficient only for personal use” Mich. Comp. Laws § 333.7403(3)(a); Mich. Comp. Laws § 333.7404(3)(a).

<sup>138</sup> Simple possession of drug paraphernalia is not a crime in Michigan. Mich. Comp. Laws § 333.7453.

<sup>139</sup> While the section of the law pertaining to seeking medical assistance refers only to seeking medical assistance for “another person”, the section that provides immunity to an individual who experienced a drug-related overdose and needs medical assistance is not contingent on any individual seeking assistance. Therefore, a person who is experiencing an overdose and seeks assistance for themselves would be covered. See *generally* Minn. Stat. § 604A.05.

<sup>140</sup> “Good faith does not include seeking medical assistance during the course of the execution of an arrest warrant or search warrant or a lawful search.” Minn. Stat. § 604A.05 Subd. 1. In this section, “drug-related overdose” is defined as “an acute condition, including mania, hysteria, extreme physical illness, or coma, resulting from the consumption or use of a controlled substance, or another substance with which a controlled substance was combined, and that a layperson would reasonably believe to be a drug overdose that requires immediate medical assistance.” Minn. Stat. § 604A.05 Subd. 5.

<sup>141</sup> A person who seeks medical assistance for a drug-related overdose “may not be charged or prosecuted for the possession, sharing, or use of a controlled substance under section 152.023, subdivision 2, clauses (4) and (6), 152.024, or 152.025, or possession of drug paraphernalia.” Minn. Stat. § 604A.05 Subd. 1; Subd. 2.

<sup>142</sup> A person who seeks medical assistance for a drug-related overdose “may not be charged or prosecuted for the possession, sharing, or use of a controlled substance under section 152.023, subdivision 2, clauses (4) and (6), 152.024, or 152.025, or possession of drug paraphernalia.” Minn. Stat. §§ 604A.05 Subd. 1; Subd. 2.

<sup>143</sup> “A person’s pretrial release, probation, furlough, supervised release, or parole shall not be revoked based on an incident for which the person would be immune from prosecution under subdivision 1 or 2.” Minn. Stat. § 604A.05 Subd. 3. However, “[n]othing in this

section shall...prevent probation officers from conducting drug testing of persons on pretrial release, probation, furlough, supervised release, or parole.” Minn. Stat. § 604A.05 Subd. 4.

<sup>144</sup> While the text of the law provides protection from charge and prosecution for “possession, sharing, or use” of a controlled substance under enumerated sections of the law, the sections referred to appear to prohibit only possession. Minn. Stat. § 604A.05 Subd. 1.

<sup>145</sup> A person who provides first aid *and* medical assistance to another person experiencing an overdose may use this as a mitigating factor in a criminal prosecution for which immunity is not provided in the statute. (emphasis added). It is not clear whether this protection extends to individuals who only seek medical assistance. Minn. Stat. § 604A.05 Subd. 4(a).

<sup>146</sup> “Drug or alcohol overdose” is defined as a condition including, but not limited to, extreme physical illness, decreased level of consciousness, respiratory depression, coma, mania, or death which is the result of consumption or use of a controlled substance or alcohol or a substance with which the controlled substance or alcohol was combined, or that a person would reasonably believe to be a drug or alcohol overdose that requires medical assistance; “Medical assistance” includes, but is not limited to, reporting a drug or alcohol overdose or other medical emergency to law enforcement, the 911 system, a poison control center, or a medical provider; assisting someone so reporting; or providing care to someone who is experiencing a drug or alcohol overdose or other medical emergency while awaiting the arrival of medical assistance. Mo. Rev. Stat. § 195.205(1); (2).

<sup>147</sup> Immunity is provided for actions prohibited under Mo. Rev. Stat. § 579.015, which prohibits the possession of a controlled substance without regard to the amount. Mo. Rev. Stat. § 195.205 (2)(1).

<sup>148</sup> Immunity is provided for actions prohibited under Mo. Rev. Stat. § 579.074, which prohibits possession of drug paraphernalia. Mo. Rev. Stat. § 195.205(2)(1).

<sup>149</sup> Immunity is provided for violating probation or parole. Mo. Rev. Stat. § 195.205(2)(4).

<sup>150</sup> The law also provides protection for the crime of “keeping or maintaining a public nuisance” as prohibited by Mo. Rev. Stat. § 579.105. Mo. Rev. Stat. § 195.205(2)(1).

<sup>151</sup> Minor change was made effective July 1, 2016 to change immunity from 30 grams or less of marijuana or synthetic cannabinoids to 30 grams or less of marijuana or ten grams or less of synthetic cannabinoids.

<sup>152</sup> “Drug overdose” is defined as “an acute condition, including, but not limited to, extreme physical illness, decreased level of consciousness, respiratory depression, coma, mania, or death, resulting from the consumption or use of a controlled substance or dangerous drug in violation of this chapter or that a layperson would reasonably believe to be resulting from the consumption or use of a controlled substance or dangerous drug for which medical assistance is required.” Miss. Code Ann. § 41-29-149.1(2)(a). “Medical assistance” means “aid provided to a person experiencing or believed to be experiencing a drug overdose by a health care professional who is licensed, registered, or certified under the laws of this state and who, acting within the lawful scope of practice, may provide diagnosis, treatment, or emergency services relative to the overdose.” Miss. Code Ann. § 41-29-149.1(2)(c). “Seeks medical assistance” is defined as “accesses or assists in accessing the E-911 system or otherwise contacts or assists in contacting law enforcement or a poison control center or provides care to a person experiencing or believed to be experiencing a drug overdose while awaiting the arrival of medical assistance to aid the person.” Miss. Code Ann. § 41-29-149.1(2)(d).

<sup>153</sup> “Drug violation” means: (i) A violation of Section 41-29-139 for possession of a controlled substance if the aggregate weight, including any mixture, is less than four (4) grams of a solid substance, less than twenty (20) dosage units, less than one (1) milliliter of liquid substance, or, if the substance is placed onto a secondary medium, has a combined weight of less than four (4) grams; (ii) A violation of Section 41-29-139 for possession of thirty (30) grams or less of marijuana or ten (10) grams or less of synthetic cannabinoids; or (iii) A violation of Section 41-29-139(d)(2) relating to possession and use of paraphernalia. Miss. Code Ann. § 41-29-149.1(2)(b).

<sup>154</sup> “Drug violation” means: ... or (iii) A violation of Section 41-29-139(d)(2) relating to possession and use of paraphernalia. Miss. Code Ann. § 41-29-149.1(2)(b).

<sup>155</sup> “A person shall also not be subject to, if related to the seeking of medical assistance: ... Sanctions for a violation of a condition of pretrial release, condition of probation, or condition of parole based on a drug violation. Miss. Code Ann. § 41-29-149.1(3)(c)(ii).

<sup>156</sup> “...except that prima facie contraband shall be subject to forfeiture.” Miss. Code Ann. § 41-29-149.1(3)(c)(iii).

<sup>157</sup> The law was amended in 2019 to provide protection specific to pregnant women. Specifically, the provisions of 45-9-102, 45-9-107, and 45-10-103 do not apply to pregnant women seeking or receiving evaluation, treatment, or support services for a substance use disorder. Mont. Code Ann. § 50-32-609(2). Also, per the newly added section 5(c), the law cannot be construed to “create a new cause of action or other source of criminal liability for a pregnant woman with a substance use disorder who does not seek or receive evaluation, treatment, or support services for a substance use disorder.” Mont. Code Ann. § 50-32-609(5)(c).

<sup>158</sup> While the section of the statute regarding calling for assistance specifies that the help must be sought for “another person,” the section that provides immunity to the person who experiences a drug-related overdose applies regardless of how medical assistance was obtained. We therefore believe that a person who calls for assistance for themselves would be covered. See Mont. Code Ann. § 50-32-609.

<sup>159</sup> Protection is provided to a person who, “acting in good faith, seeks medical assistance *for another person* ...” (emphasis added). Mont. Code Ann. § 50-32-609(1)(a).

<sup>160</sup> The provisions of 45-9-102, 45-9-107, and 45-10-103 do not apply to a pregnant woman seeking or receiving evaluation, treatment, or support services for a substance use disorder. Mont. Code Ann. § 50-32-609 (2).

<sup>161</sup> The following provisions “do not apply” to a person granted immunity under the law: Mont. Code Ann. § 45-9-102 (Criminal possession of dangerous drugs); Mont. Code Ann. § 45-9-107 (Criminal possession of precursors to dangerous drugs).

<sup>162</sup> The law against possession of drug paraphernalia (Mont. Code Ann. § 45-10-103) does not apply where requirements are met. Mont. Code Ann. § 50-32-609(1).

<sup>163</sup> “A person’s pretrial release, probation, furlough, supervised release, or parole may not be revoked based on an incident for which the person would be immune from arrest, charge, or prosecution under this section.” Mont. Code Ann. § 50-32-609(3).

<sup>164</sup> The provisions of Mont. Code Ann. § 45-5-626 do not apply to a person who qualifies for immunity under the Good Samaritan law. Mont. Code Ann. § 50-32-609(1). That section makes it a crime to violate an order of protection.

<sup>165</sup> “A person’s act of providing first aid or other medical assistance to a person who is experiencing an actual or reasonably perceived drug-related overdose may be used as a mitigating factor in a criminal prosecution for which immunity is not provided under this section.” Mont. Code Ann. § 50-32-609(4).

<sup>166</sup> The law was amended in 2015 in several substantive ways. All of the requirements regarding being the first to call, providing own name, etc., were added. Also added were protection from probation and parole violations as well as civil immunity for law enforcement officers. N.C. Gen. Stat. § 90-96.2.

<sup>167</sup> “The person sought medical assistance for an individual...” N.C. Gen. Stat. § 90-96.2 (b)(1).

<sup>168</sup> “Drug-related overdose” is defined as “an acute condition, including mania, hysteria, extreme physical illness, coma, or death resulting from the consumption or use of a controlled substance, or another substance with which a controlled substance was combined, and that a layperson would reasonably believe to be a drug overdose that requires medical assistance.” N.C. Gen. Stat. § 90-96.2(a).

<sup>169</sup> “A person shall have limited immunity from prosecution under subsections (b) and (c) of this section for only the following offenses: (1) A misdemeanor violation of G.S. 90-95(a)(3); (2) A felony violation of G.S. 90-95(a)(3) for possession of less than one gram of cocaine; (3) A felony violation of G.S. 90-95(a)(3) for possession of less than one gram of heroin; (4) A violation of G.S. 90-113.22.” N.C. Gen. Stat. § 90-96.2(c3).

<sup>170</sup> “A person shall have limited immunity from prosecution under subsections (b) and (c) of this section for only the following offenses . . . (4) A violation of G.S. 90-113.22.” N.C. Gen. Stat. § 90-96.2(c3).

<sup>171</sup> “A person shall not be subject to arrest or revocation of pretrial release, probation, parole, or post-release if the arrest or revocation is based on an offense for which the person is immune from prosecution under subsection (b) or (c) of this section. The arrest of a person for an offense for which subsection (b) or (c) of this section may provide the person with immunity will not itself be deemed to be a commission of a new criminal offense in violation of a condition of the person’s pretrial release, condition of probation, or condition of parole or post-release.” N.C. Gen. Stat. § 90-96.2(c1). However, “nothing in this section should be construed to “limit or abridge the authority of a probation officer to conduct drug testing of persons on pretrial release, probation, or parole.” N.C. Gen. Stat. § 90-96.2(d)(4).

<sup>172</sup> The law provides protection from N.C. Gen. Stat. § 90-113.22, which prohibits both the possession and use of paraphernalia. N.C. Gen. Stat. § 90-96.2(c3)(4).

<sup>173</sup> Law was amended on April 21, 2017 in several substantive ways. A good faith requirement was added, a specific requirement that the seeker contact law enforcement or EMS was replaced with a more generic “seeks medical assistance,” a limit on the number of people who can receive immunity to 3 was removed, and a limitation that the immunity doesn’t apply unless the evidence for charge or prosecution was obtained as a result of the overdose and the need for emergency medical assistance was added. Changes made in 2019 were not substantive.

<sup>174</sup> Immunity is provided where individual “seeks medical assistance for another individual”. N.D. Cent. Code § 19-03.1-23.4.

<sup>175</sup> “Neither the individual who experiences a drug-related overdose and is in need of emergency medical assistance nor the cooperating individual seeking medical assistance may be charged or prosecuted.” N.D. Cent. Code § 19-03.1-23.4.

<sup>176</sup> “Good faith does not include seeking medical assistance during the course of the execution of an arrest warrant or search warrant or during a lawful search.” N.D. Cent. Code § 19-03.1-23.4.

<sup>177</sup> Individual is immune from criminal prosecution under subsection 7 of section 19-03.1-23, which encompasses all amounts of controlled substance, controlled substance analog, and marijuana possession. N.D. Cent. Code § 19-03.1-23.4.

<sup>178</sup> Individual is immune from criminal prosecution for possession of drug paraphernalia under N.D. Cent. Code § 19-03.4-03. N.D. Cent. Code § 19-03.1-23.4.

<sup>179</sup> Immunity is also provided for inhalation of certain substances under N.D. Cent. Code § 19-03.1-22.1, ingesting controlled substances under N.D. Cent. Code § 19-02.1-22.3, using controlled substance analogs under N.D. Cent. Code § 19-03.1-22.5, and unlawful use of drug paraphernalia under N.D. Cent. Code § 19-03.4-03.

<sup>180</sup> “Drug overdose” is defined as an “acute condition including, but not limited to, physical illness, coma, mania, hysteria, or death resulting from the consumption or use of a controlled substance or the consumption or use of another substance with which a controlled substance was combined and which condition a layperson would reasonably believe requires emergency medical assistance.” Neb. Rev. Stat. § 28-472(6).

<sup>181</sup> Immunity is granted for violations of subsection (3) of section 28-416, which classifies any possession of controlled substances as a class IV felony. Neb. Rev. Stat. § 28-472(1). Presumably the language would provide protection from arrest, charge, and prosecution to those who qualify.

<sup>182</sup> Immunity is granted for violations of Neb. Rev. Stat. § 28-441, which prohibits illegal possession of drug paraphernalia. Neb. Rev. Stat. § 28-472(1).

<sup>183</sup> “Drug overdose” is defined as “an acute condition resulting from or believed to be resulting from the use of a controlled drug which a layperson would reasonably believe requires medical assistance.” N.H. Rev. Stat. Ann § 318-B:28-b(l)(a). “Medical assistance” is defined as “professional services provided to a person experiencing a drug overdose by a health care professional licensed, registered, or certified under state law who, acting within his or her lawful scope of practice, may provide diagnosis, treatment, or emergency services for a person experiencing a drug overdose.” N.H. Rev. Stat. Ann § 318-B:28-b(l)(b). “Requests medical assistance shall

include a request for medical assistance as well as providing care to someone who is experiencing a drug overdose while awaiting the arrival of medical assistance to aid the overdose victim.” N.H. Rev. Stat. Ann. § 318-B:28-b(1)(c).

<sup>184</sup> Immunity for possession of controlled drug in violation of N. H. Rev. Stat. Ann § 318-B:2, which covers all amounts of controlled substances. N.H. Rev. Stat. Ann. § 318-B:28-b(II)-(III). However, immunity is not provided for possession with intent to sell. *State v. Eldridge*, 173 N.H. 61 (2020).

<sup>185</sup> Possession of paraphernalia is not criminalized in New Hampshire.

<sup>186</sup> “A person who experiences a drug overdose and who seeks medical assistance or is the subject of a good faith request for medical assistance...” N.J. Rev. Stat. § 2C:35-31(a).

<sup>187</sup> Immunity is provided for possession of controlled drug in violation of N.J. Rev. Stat. § 2C:35-10, which covers all amounts of controlled substances. N.J. Rev. Stat. § 2C:35-30(a)(1).

<sup>188</sup> Immunity is provided for possession of drug paraphernalia in violation of N.J. Rev. Stat. § 2C:35-10. N.J. Rev. Stat. § 2C:35-30(a)(6).

<sup>189</sup> A person who, in good faith, seeks medical assistance for someone experiencing a drug overdose shall not be... “subject to revocation of parole or probation based only upon a violation of offenses described in subsection a. (1) through (6) of this section, provided, however, this circumstance may be considered in establishing or modifying the conditions of parole or probation supervision.” N.J. Rev. Stat. § 2C:35-30(7).

<sup>190</sup> Immunity applies to “using, being under the influence of, or failing to make lawful disposition of, a controlled dangerous substance or controlled substance analog” as well as a variety of other drug-related crimes. N.J. Rev. Stat. § 2C:35-30(a); N.J. Rev. Stat. § 2C:35-31(a).

<sup>191</sup> The law was amended in 2019 in several substantive ways. First, immunity from arrest, prosecution, and other penalties was added, as was immunity related to alcohol-related overdoses (previously, immunity was only provided for being “charged or prosecuted”). Protection from civil forfeiture, violation of a restraining order, violating conditions of probation or parole, and use and possession of drug paraphernalia were also added. Lastly, the definition of “seeking medical assistance” was added. N.M. Stat. § 30-31-27.1.

<sup>192</sup> Immunity is provided to a “person who, in good faith, seeks medical assistance for someone experiencing an alcohol- or drug-related overdose.” N.M. Stat. § 30-31-27.1.

<sup>193</sup> “Seeking medical assistance” means (1) reporting an alcohol- or drug-related overdose or other medical emergency to law enforcement, the 911 system or another emergency dispatch system, a poison control center or a health care provider; or (2) assisting an individual who is reporting an alcohol- or drug-related overdose or providing care to an individual who is experiencing an alcohol- or drug-related overdose or other medical emergency while awaiting the arrival of a health care provider. N.M. Stat. § 30-31-27.1(D).

<sup>194</sup> Immunity is provided for possession of controlled drugs in violation of N.M. Stat. § 30-31-23, which covers all quantities of controlled substances. N.M. Stat. § 30-31-27.1(a)(1).

<sup>195</sup> Immunity is provided for possession of drug paraphernalia in violation of subsection A of N.M. Stat. 30-31-25.1. N.M. Stat. § 30-31-27.1(a)(1).

<sup>196</sup> Violating the conditions of probation or parole violation is not grounds for arrest, charge, prosecution, or other penalty for either the seeker or the person experiencing the overdose so long as the evidence for the violation was obtained as a result of a need for seeking medical assistance during an overdose. N.M. Stat. § 30-31-27.1(A)(3); (B)(3).

<sup>197</sup> “The act of seeking medical assistance for someone who is experiencing an alcohol- or drug-related overdose may be used as a mitigating factor in a criminal prosecution pursuant to the Controlled Substances Act for which immunity is not provided pursuant to this section.” N.M. Stat. § 30-31-27.1(C).

<sup>198</sup> Amendments effective July 1, 2020 did not result in substantive changes.

<sup>199</sup> “Drug or alcohol overdose” is defined as “a condition, including, without limitation, extreme physical illness, a decreased level of consciousness, respiratory depression, coma, mania or death which is caused by the consumption or use of a controlled substance or alcohol, or another substance with which a controlled substance or alcohol was combined, or that an ordinary layperson would reasonably believe to be a drug or alcohol overdose that requires medical assistance.” Nev. Rev. Stat. § 453C.150(5).

<sup>200</sup> Immunity for possession of controlled drugs in violation of Nev. Rev. Stat. 453.336, which covers all amounts of controlled substances. Nev. Rev. Stat. § 453C.150(1)(a)(3).

<sup>201</sup> Immunity for possession of drug paraphernalia including, without limitation, NRS 453.554 to 453.566, inclusive. Nev. Rev. Stat. § 453C.150(1)(a)(1).

<sup>202</sup> A seeker for help will not be penalized for violating a condition of the person’s parole or probation. Nev. Rev. Stat. § 453C.150(1)(d).

<sup>203</sup> Immunity applies to the use of “[d]rug paraphernalia, including, without limitation, Nev. Rev. Stat. § 453.554 to 453.566, inclusive.” Nev. Rev. Stat. § 453C.150(a)(1).

<sup>204</sup> Immunity applies to the use of “[d]rug paraphernalia, including, without limitation, Nev. Rev. Stat. § 453.554 to 453.566, inclusive.” Nev. Rev. Stat. § 453C.150(a)(1).

<sup>205</sup> “A local ordinance as described in Nev. Rev. Stat. 453.3361 that establishes an offense that is similar to an offense set forth in Nev. Rev. Stat. 453.336” Nev. Rev. Stat. § 453C.150(1)(b).

<sup>206</sup> “A court, before sentencing a person who has been convicted of a violation of chapter 453 of NRS for which immunity is not provided by this section, shall consider in mitigation any evidence or information that the defendant, in good faith, sought medical assistance for a person who was experiencing a drug or alcohol overdose or other life-threatening emergency in connection with the events that constituted the violation.” Nev. Rev. Stat. § 453C.150(2).

<sup>207</sup> Amendments effective March 31, 2021 made some changes regarding cannabis offenses, but they do not affect the data in this table.

<sup>208</sup> “Drug or alcohol overdose” or “overdose” is defined as “an acute condition including, but not limited to, physical illness, coma, mania, hysteria or death, which is the result of consumption or use of a controlled substance or alcohol and relates to an adverse reaction to or

the quantity of the controlled substance or alcohol or a substance with which the controlled substance or alcohol was combined; provided that a patient's condition shall be deemed to be a drug or alcohol overdose if a prudent layperson, possessing an average knowledge of medicine and health, could reasonably believe that the condition is in fact a drug or alcohol overdose and (except as to death) requires health care." N.Y. Penal Law § 220.78(3)(a). "Health care" means "the professional services provided to a person experiencing a drug or alcohol overdose by a health care professional licensed, registered or certified under title eight of the education law or article thirty of the public health law who, acting within his or her lawful scope of practice, may provide diagnosis, treatment or emergency services for a person experiencing a drug or alcohol overdose." N.Y. Penal Law § 220.78(3)(b).

<sup>209</sup> New York law provides that "...nor shall it be a violation of this section when a person's unlawful possession of a controlled substance is discovered as a result of seeking immediate health care as defined in paragraph (b) of subdivision three of section 220.78 of the penal law, for either another person or him or herself because such person is experiencing a drug or alcohol overdose or other life threatening medical emergency as defined in paragraph (a) of subdivision three of section 220.78 of the penal law." This protection, which effectively bars arrest as well as charge and prosecution, applies only to possession of a controlled substance in the seventh degree, a class A misdemeanor. N.Y. Penal Law § 220.03. While the specifics vary, possession of other than a small amount of drugs is generally prohibited by other statutes, to which this provision does not apply.

<sup>210</sup> The overdose Good Samaritan law does not apply to "the prosecution of a class A-1 felony under this article." N.Y. Penal Law § 220.78(6). The only relevant such felony appears in N.Y. Penal Law § 220.21, which applies to "one or more preparations, compounds, mixtures or substances containing a narcotic drug and said preparations, compounds, mixtures or substances are of an aggregate weight of eight ounces or more" and methadone that "weighs five thousand seven hundred sixty milligrams or more". N.Y. Penal Law § 220.21. Therefore, protection from arrest is provided for simple possession of small amounts of drugs. Protection from charge and prosecution is provided for the possession of larger amounts of drugs – except those listed in N.Y. Penal Law § 220.21, for which no immunity is provided.

<sup>211</sup> Immunity is granted for "possession of drug paraphernalia under article thirty-nine of the general business law." N.Y. Penal Law § 220.78(1).

<sup>212</sup> "...a controlled substance offense under article two hundred twenty or a marihuana offense under article two hundred twenty-one of this title, other than an offense involving sale for consideration or other benefit or gain..." N.Y. Penal Law § 220.78(1). However, the "bar to prosecution described in subdivisions one and two of this section shall not apply to the prosecution of a class A-I felony." N.Y. Penal Law § 220.78(6). Protection is therefore provided for several non-possessor offenses, including use of a child to commit a controlled substance offense, and criminal injection of a narcotic drug, both class E felonies. See N.Y. Penal Law §§ 220.28; 220.46.

<sup>213</sup> "It shall be an affirmative defense to a criminal sale controlled substance offense under this article or a criminal sale of marihuana offense under article two hundred twenty-one of this title, not covered by subdivision one or two of this section, with respect to any controlled substance or marihuana which was obtained as a result of such seeking or receiving of health care, that: (a) the defendant, in good faith, seeks health care for someone or for him or herself who is experiencing a drug or alcohol overdose or other life threatening medical emergency; and (b) the defendant has no prior conviction for the commission or attempted commission of a class A-I, A-II or B felony under this article." N.Y. Penal Law § 220.78(4).

<sup>214</sup> "The act of seeking health care for someone who is experiencing a drug or alcohol overdose or other life threatening medical emergency shall be considered by the court when presented as a mitigating factor in any criminal prosecution for a controlled substance, marihuana, drug paraphernalia, or alcohol related offense. N.Y. Crim. Proc. Law § 390.40 (3).

<sup>215</sup> Amendments were made to the statute effective October 31, 2018 and March 21, 2019 that did not affect the Good Samaritan provisions of the law.

<sup>216</sup> "Seek or obtain medical assistance includes, but is not limited to making a 9-1-1 call, contacting in person or by telephone call an on-duty peace officer, or transporting or presenting a person to a health care facility." Ohio Rev. Code § 2925.11(ix).

<sup>217</sup> Ohio Rev. Code § 2925.11(B)(2)(b)(ii).

<sup>218</sup> "Division (B)(2)(b) of this section does not apply to any person who twice previously has been granted an immunity under division (B)(2)(b) of this section. No person shall be granted an immunity under division (B)(2)(b) of this section more than two times." Ohio Rev. Code § 2925.11(B)(2)(f).

<sup>219</sup> An exception to the immunity provided to qualified individuals is found in the term's definition. A "qualified individual" is a person who is "not on community control or post-release control." An individual on community control or post-release control does not qualify for immunity. Ohio Rev. Code § 2925.11(2)(a)(viii).

<sup>220</sup> When deciding the penalty for a person found to be in violation of community control or post-release control, "the court shall first consider ordering the person's participation or continued participation in a drug treatment program or mitigating the penalty" if the person sought medical assistance in good faith or was the person experiencing the overdose. Ohio Rev. Code § 2925.11(B)(2)(c)-(B)(2)(d).

<sup>221</sup> While the statute does not explicitly state that a person may not obtain immunity if they requested emergency assistance for themselves, the language strongly suggests that that was the intent.

<sup>222</sup> "A peace officer shall not take a person into custody based solely on the commission of an offense involving a controlled dangerous substance described in subsection B of this section if the peace officer, after making a reasonable determination and considering the facts and surrounding circumstances, reasonably believes that all of the following apply:" Okla. Stat. tit, 63 § 2-413.1(A).

<sup>223</sup> The individual who "reasonably appeared to be in need of medical assistance due to the use of a controlled dangerous substance." Okla. Stat. tit, 63 § 2-413.1(A)(2)(b).

<sup>224</sup> A peace officer "shall not take a person into custody" if they fall under the ambit of the law, but the statute does not explicitly state that they may not be arrested. [Okla. Stat. tit, 63 § 2-413.1\(A\)](#).

<sup>225</sup> An individual is immune from criminal prosecution for possession of Schedule I or Schedule II controlled dangerous substance as listed in Section 2-204 and 2-206 of Title 63 of the Oklahoma Statutes. T. 63 § 2-413.1(2)(B). However, the amount of the controlled dangerous substance cannot reach the level constituting trafficking, as provided in subsection C of Section 2-415 of Title 63 of the Oklahoma Statutes. Okla. Stat. tit. 63 § 2-413.1(2)(B). Additionally, a person is only immune from prosecution if the offense “involved a state of intoxication caused by the use of a controlled dangerous substance by a person or if the offense involved the person being or becoming intoxicated as a result of the use of a controlled dangerous substance by a person.” Okla. Stat. tit. 63 § 2-413.1(B).

<sup>226</sup> Immunity is granted for “...possession of drug paraphernalia associated with a controlled dangerous substance, as defined in paragraph 36 of Section 2-101 of Title 63 of the Oklahoma Statutes.” Okla. Stat. tit. 63, § 2-413.1.

<sup>227</sup> Amendments were made to reflect the changing legal status of marijuana in Oregon in 2016 and 2017.

<sup>228</sup> “A person who is in need of medical assistance due to a drug-related overdose is immune from arrest or prosecution for an offense listed in subsection (3) of this section if the evidence of the offense was obtained because *any person* contacted emergency medical services...” (emphasis added). Or. Rev. Stat. § 475.898(2).

<sup>229</sup> “Drug-related overdose” is defined as “an acute condition, including mania, hysteria, extreme physical illness, coma or death, resulting from the consumption or use of a controlled substance, or another substance with which a controlled substance was combined, that a person would reasonably believe to be a condition that requires medical attention.” Or. Rev. Stat. § 475.898(7)(b).

<sup>230</sup> Or. Rev. Stat. § 475.898 475.752(1) covers possession of controlled substances in Schedules I-V.

<sup>231</sup> While Oregon law does not prohibit the simple possession of drug paraphernalia, the Good Samaritan law provides protection from Or. Rev. Stat. § 475.525, which prohibits the possession of drug paraphernalia with intent to sell or deliver.

<sup>232</sup> “A person may not be arrested for violating, or found to be in violation of, the conditions of the person’s pretrial release, probation, post-prison supervision or parole if the violation involves: (A) The possession or use of a controlled substance or frequenting a place where controlled substances are used;” and “(B) The evidence of the violation was obtained because the person contacted emergency medical services or a law enforcement agency to obtain medical assistance for another person who needed medical assistance due to a drug-related overdose..” Or. Rev. Stat. § 475.898(4)(a). “A person may not be arrested for violating, or found to be in violation of, the conditions of the person’s pretrial release, probation, post-prison supervision or parole if the violation involves: (A) The possession or use of a controlled substance or frequenting a place where controlled substances are used;” and (B) The evidence of the violation was obtained because the person was in need of medical assistance due to a drug-related overdose and any person contacted emergency medical services or a law enforcement agency to obtain medical assistance for the person. Or. Rev. Stat. § 475.898(4)(b).

<sup>233</sup> Immunity also applies to “frequenting a place where controlled substances are used.” Or. Rev. Stat. § 475.898(3)(a).

<sup>234</sup> A person may not be arrested on an outstanding warrant for any of the offenses for which immunity is granted in the law “if the location of the person was obtained because the person contacted emergency medical services or a law enforcement agency to obtain medical assistance for another person who needed medical assistance due to a drug-related overdose.” Or. Rev. Stat. § 475.898(5)(a). This immunity does not apply to outstanding federal warrants or outstanding warrants issued from other states. Or. Rev. Stat. § 475.898(5)(c).

<sup>235</sup> The overdose victim gets immunity even if the caller does not require immunity because they did not commit an offense for which immunity is provided under the statute. *Commonwealth v. Carontenuto*, 148 A.3d 448 (2016).

<sup>236</sup> A “drug overdose event” is an “acute medical condition, including, but not limited to, severe physical illness, coma, mania, hysteria or death, which is the result of consumption or use of one or more controlled substances causing an adverse reaction. A patient’s condition shall be deemed to be a drug overdose if a prudent layperson, possessing an average knowledge of medicine and health, would reasonably believe that the condition is in fact a drug overdose and requires immediate medical attention.” 35 Pa. Cons. Stat. § 780-113.7(f).

<sup>237</sup> “The prohibition on charging or prosecuting a person as described in this section is limited in the following respects: (1) This section may not bar charging or prosecuting a person for offenses enumerated in subsection (b) if a law enforcement officer obtains information prior to or independent of the action of seeking or obtaining emergency assistance as described in subsection (a); (2) This section may not interfere with or prevent the investigation, arrest, charging or prosecution of a person for the delivery or distribution of a controlled substance, drug-induced homicide or any other crime not set forth in subsection (b); (3) This section may not bar the admissibility of any evidence in connection with the investigation and prosecution for any other prosecution not barred by this section; (4) This section may not bar the admissibility of any evidence in connection with the investigation and prosecution of a crime with regard to another defendant who does not independently qualify for the prohibition on charging or prosecuting a person as provided for by this section.” 35 Pa. Cons. Stat. § 780-113.7(d).

<sup>238</sup> Immunity is provided for possession of paraphernalia under 35 Pa. Cons. Stat. § 780-113(32). 35 Pa. Cons. Stat. § 780-113.7(b).

<sup>239</sup> “The prohibition on charging or prosecuting a person as described in subsection (a) bars charging or prosecuting a person for probation and parole violations...” 35 Pa. Cons. Stat. § 780-113.7(b).

<sup>240</sup> Pennsylvania law also provides protection from delivery, possession with intent to deliver, or manufacture with intent to deliver drug paraphernalia under 35 Pa. Cons. Stat. § 780-113(a)(33). 35 Pa. Cons. Stat. § 780-113.7(b).

<sup>241</sup> The first Good Samaritan law was self-repealed and expired on July 1, 2015. There was no Good Samaritan law in effect from July 1, 2015 till January 27, 2016, when the current law was enacted.

<sup>242</sup> July 2, 2018 changes added alcohol-related medical emergencies, and possession or transportation of alcohol by an underage person.

<sup>243</sup> “Any person who, in good faith, without malice and in the absence of evidence of an intent to defraud, seeks medical assistance for someone experiencing a drug or alcohol overdose or other drug- or alcohol-related medical emergency. . .” R.I. Gen. Laws § 21-28.9-4(a).

<sup>244</sup> No amount of controlled substance is specified in the law. R.I. Gen Laws § 21-28.9-4(a)-(b).

<sup>245</sup> Simple possession of drug paraphernalia is not a crime in Rhode Island. R.I. Gen Laws § 21-28.5-1 et seq. However, the overdose Good Samaritan law provides that an eligible person “shall not be charged or prosecuted for any crime related to the possession of a controlled substance or drug paraphernalia...” R.I. Gen Laws § 21-28.9-4(a).

<sup>246</sup> “The immunity related to the possession of a controlled substance or drug paraphernalia or the operation of a drug-involved premises afforded under this section shall also extend to a violation of probation and/or parole on those grounds.” R.I. Gen Laws § 21-28.9-4(d).

<sup>247</sup> Immunity is also granted for “operation of a drug-involved premises.” R.I. Gen Laws § 21-28.9-4(a).

<sup>248</sup> The statute establishes that a person who provides first aid and medical assistance to another person experiencing an overdose may use this as a mitigating factor in a criminal prosecution pursuant to the controlled substance act. R.I. Gen Laws § 21-28.9-4(c). It is not clear whether this applies to only seeking medical assistance.

<sup>249</sup> The section of the law that provides immunity to the person who experienced OD does not make that immunity contingent on the manner in which the OD was discovered. It therefore seems possible for a person to obtain immunity under that provision even if they called for themselves. See S.C. Code Ann. § 44-53-1930(A).

<sup>250</sup> Immunity is provided for “A person who seeks medical assistance for another person...” S.C. Code Ann. § 44-53-1920(A).

<sup>251</sup> “Drug or alcohol-related overdose” is defined as “an acute condition, including mania, hysteria, extreme physical illness, coma, or death resulting from the consumption or use of a controlled substance, alcohol, or another substance with which a controlled substance or alcohol was combined, that a layperson would reasonably believe to be a drug or alcohol overdose that requires medical assistance.” S.C. Code Ann. § 44-53-1910(2). “Seeks medical assistance” is defined as “seeking medical assistance by contacting the 911 system, a law enforcement officer, or emergency services personnel.” S.C. Code Ann. § 44-53-1910(3).

<sup>252</sup> “If the person seeking medical assistance pursuant to this section previously has sought medical assistance for another person pursuant to this article, the court may consider the circumstances of the prior incidents and the related offenses to determine whether to grant the person immunity from prosecution.” S.C. Code Ann. § 44-53-1920(C).

<sup>253</sup> Law provides protection from possessing a controlled substance as well as “Possessing less than one gram of methamphetamine or cocaine base in violation of Section 44-53-375(A).” S.C. Code Ann. § 44-53-1920(B)(2)-(3).

<sup>254</sup> Immunity is provided for possessing paraphernalia in violation of Section 44-53-391. S.C. Code Ann. § 44-53-1920(B)(5).

<sup>255</sup> “A person who seeks medical assistance for another person in accordance with the requirements of subsection (A) may not be prosecuted for: (1) dispensing or delivering a controlled substance in violation of Section 44-53-370(a), when the controlled substance is dispensed or delivered directly to the person who appears to be experiencing a drug-related overdose; (2) possessing a controlled substance in violation of Section 44-53-370(c); (3) possessing less than one gram of methamphetamine or cocaine base in violation of Section 44-53-375(A); (4) dispensing or delivering methamphetamine or cocaine base in violation of Section 44-53-375(B), when the methamphetamine or cocaine base is dispensed or delivered directly to the person who appears to be experiencing a drug-related overdose; (5) possessing paraphernalia in violation of Section 44-53-391; (6) selling or delivering paraphernalia in violation of Section 44-53-391, when the sale or delivery is to the person who appears to be experiencing a drug-related overdose; (7) purchasing, attempting to purchase, consuming, or knowingly possessing alcoholic beverages in violation of Section 63-19-2440; (8) transferring or giving to a person under the age of twenty-one years for consumption beer or wine in violation of Section 61-4-90; or (9) contributing to the delinquency of a minor in violation of Section 16-17-490.” S.C. Code Ann. § 44-53-1920(B).

<sup>256</sup> “The court may consider a person's decision to seek medical assistance pursuant to Section 44-53-1920(A) or 44-53-1930 as a mitigating factor in a criminal prosecution or sentencing for a drug or alcohol-related offense that is not an offense listed in Section 44-53-1920(B).” S.C. Code Ann. § 44-53-1940.

<sup>257</sup> “Drug-related overdose” is defined as an “acute condition, including mania, hysteria, extreme physical illness, coma, or death resulting from the consumption or use of a controlled substance, or another substance with which a controlled substance was combined, and that a person would reasonably believe to be a drug overdose that requires medical assistance.” S.D. Codified Laws § 34-20A-109(1).

<sup>258</sup> “Any person seeking medical assistance or who reports a person is in need of medical assistance shall only qualify once for immunity under §§ 34-20A-109 to 34-20A-112, inclusive.” S.D. Codified Laws § 34-20A-113.

<sup>259</sup> “No person may be arrested or prosecuted for any misdemeanor or felony offense of possession...” S.D. Codified Laws § 34-20A-110. The law that provides protection for the seeker for self also includes immunity from being charged: “A person who experiences a drug-related overdose and is in need of medical assistance may not be arrested, charged, or prosecuted...” S.D. Codified Laws § 34-20A-111.

<sup>260</sup> Immunity also applies to the “inhalation, ingestion, or otherwise taking into the body any controlled drug or substance.” S.D. Codified Laws § 34-20A-110.

<sup>261</sup> The statute establishes that a person who provides first aid and medical assistance to another person experiencing an overdose may use this as a mitigating factor in a criminal prosecution for which immunity is not provided under the statute. S.D. Codified Laws § 34-20A-112. It is not clear whether this extends to only seeking medical assistance without providing first aid.

<sup>262</sup> “Drug overdose” is defined as “an acute condition, including, but not limited to, extreme physical illness, decreased level of consciousness, respiratory depression, coma, mania, or death, resulting from the consumption or use of a controlled substance, or other substance inhaled, ingested, injected, or otherwise introduced into the body by the distressed individual that a reasonable person would believe to be resulting from the consumption or use of a controlled substance or other substance by the distressed individual.” Tenn. Code Ann. § 63-1-156(a)(2). “Medical assistance” is defined as “aid provided to a person by a healthcare professional licensed, registered, or certified under the laws of this state who, acting within the person's lawful scope of practice, may provide diagnosis, treatment, or emergency medical services.” Tenn. Code Ann. § 63-1-156(a)(4). “Seeking medical assistance” means (A) accesses or

assists in accessing medical assistance or the 911 system; (B) contacts or assists in contacting law enforcement or a poison control center; or (C) provides care or contacts or assists in contacting any person or entity to provide care while awaiting the arrival of medical assistance to aid a person who is experiencing or believed to be experiencing a drug overdose.” Tenn. Code Ann. § 63-1-156(a)(5).

<sup>263</sup> “This immunity from being arrested, charged, or prosecuted shall apply to the person experiencing a drug overdose only on the person’s first such drug overdose.” Tenn. Code Ann. § 63-1-156(b). Presumably the intent was not that the immunity literally only apply the first time the person overdosed, but rather that immunity will only be granted once.

<sup>264</sup> Immunity is provided only for simple possession and casual exchange. Tenn. Code Ann. § 63-1-156(a)(3).

<sup>265</sup> Immunity is provided for drug paraphernalia violations of Tenn. Code Ann. § 39-17-425. Tenn. Code Ann. § 63-1-156(a)(3)(B).

<sup>266</sup> “Sanctions for a violation of a condition of pretrial release, condition of probation, or condition of parole based on a drug violation.” Tenn. Code Ann. § 63-1-156(b)(2).

<sup>267</sup> Immunity is provided for violations of Tenn. Code Ann. § 39-17-418. Tenn. Code Ann. § 63-1-156(a)(3)(A).

<sup>268</sup> Immunity is provided for drug paraphernalia violations of Tenn. Code Ann. § 39-17-425. Tenn. Code Ann. § 63-1-156(a)(3)(B).

<sup>269</sup> The statute establishes that a person who provides first aid and medical assistance to another person experiencing an overdose may use this as a mitigating factor in a criminal prosecution for which immunity is not provided under the statute. [Tenn. Code Ann. § 63-1-156\(c\)\(1\)](#). It is not clear whether this extends to seeking assistance only.

<sup>270</sup> The May 12, 2020 amendment changed previous law to provide protection to “the person or bystander” instead of the previous “the person.” It also provides immunity to a person who “assists a person who reports” in addition to a person who reports. Several prior amendments and amendments to the law effective May 5, 2021 do not include changes to the Good Samaritan protections.

<sup>271</sup> “Good faith” does not include “seeking medical assistance under this section during the course of a law enforcement agency’s execution of a search warrant, execution of an arrest warrant, or other lawful search.” Utah Code §§ 58-37-8(16)(c).

<sup>272</sup> Emergency medical service provider as defined in Utah Code § 26-8a-102.

<sup>273</sup> Utah Code § 58-37-8(16)(c).

<sup>274</sup> “It is an affirmative defense to an allegation of the commission of an offense.” Utah Code § 58-37-8(16)(a).

<sup>275</sup> The offenses for which an affirmative defense is available are: (i) the possession or use of less than 16 ounces of marijuana; (ii) the possession or use of a scheduled or listed controlled substance other than marijuana; and (iii) any violation of Chapter 37a, Utah Drug Paraphernalia Act, or Chapter 37b, Imitation Controlled Substances Act.” Utah Code § 58-37-8(16)(a).

<sup>276</sup> Affirmative defense to an allegation of a violation of the Utah Drug Paraphernalia act, Chapter 37A. Utah Code § 58-37-8(16)(b)(iii).

<sup>277</sup> “Mitigating factor in sentencing for an offense under Title 58, Chapter 37, Utah Controlled Substances Act, that the person or bystander: (1) reasonably believes that the person or another person is experiencing an overdose event due to the ingestion, injection, inhalation, or other introduction into the human body of a controlled substance or other substance; (2) reports, or assists a person who reports, in good faith the overdose event to a medical provider, an emergency medical service provider as defined in Section 26-8a-102, a law enforcement officer, a 911 emergency call system, or an emergency dispatch system, or the person is the subject of a report made under this section; (3) provides in the report under Subsection 2 a functional description of the location of the actual overdose event that facilitates responding to the person experiencing the overdose event; (4) remains at the location of the person experiencing the overdose event until a responding law enforcement officer or emergency medical service provider arrives, or remains at the medical care facility where the person experiencing an overdose event is located until a responding law enforcement officer arrives; (5) cooperates with the responding medical provider, emergency medical service provider, and law enforcement officer, including providing information regarding the person experiencing the overdose event and any substances the person may have injected, inhaled, or otherwise introduced into the person’s body; and (6) committed the offense in the same course of events from which the reported overdose arose.” Utah Code § 76-3-203.11.

<sup>278</sup> Prior to July 1, 2020, Virginia’s law provided only an affirmative defense to prosecution. It required everything the current law requires, but also required that, if requested by a law enforcement officer, the individual seeking immunity substantially cooperated in any investigation of any criminal offense reasonably related to the controlled substance or other substance. The requirement that the person cooperate with law enforcement was removed effective July 1, 2019. The current law, which moves from an affirmative defense to prosecution to immunity from arrest and prosecution, became effective July 1, 2020. In addition to that change, immunity for the person experiencing an overdose was added, as was immunity for law enforcement officers who make an improper arrest under the section in good faith. Changes approved on February 25, 2021 by 2021 Virginia Laws 1st Sp. Sess. Ch. 29 (H.B. 1821) amend the law to include protections for a person who provides medical assistance while another person is summoning emergency medical personnel.

<sup>279</sup> “Overdose” means a life-threatening condition resulting from the consumption or use of a controlled substance, alcohol, or any combination of such substances. Va. Code Ann. § 18.2-251.03(A).

<sup>280</sup> Firefighter as defined in Va. Code Ann. § 65.2-102, emergency medical services personnel, as defined in Va. Code Ann. § 32.1-111.1, a law-enforcement officer, as defined in Va. Code Ann. § 9.1-101. Va. Code Ann. § 18.2-251.03(B).

<sup>281</sup> No individual will be subject to arrest or prosecution for possession of a controlled substance pursuant to Va. Code Ann. § 18.2-250. This law covers controlled substances in Schedules I-VI, and the corresponding misdemeanor or felony charge. Va. Code Ann. § 18.2-251.03(B).

<sup>282</sup> No individual will be subject to arrest or prosecution for possession of controlled paraphernalia pursuant to § 54.1-3466. Va. Code Ann. § 18.2-251.03 (B).

<sup>283</sup> Effective June 17, 2014, immunity was extended to individuals who were the subject of a good faith request for medical assistance; previously immunity was provided only to the person seeking medical assistance. Vt. Stat. Ann. tit. 18, § 4254(g). There were no substantive changes in the 2017 legislation.

<sup>284</sup> In this section, “drug overdose” is defined as “an acute condition resulting from or believed to be resulting from the use of a regulated drug that a layperson would reasonably believe requires medical assistance. For purposes of this section, “regulated drug” shall include alcohol.” Vt. Stat. Ann. tit. 18, § 4254(a)(1). “Medical assistance” is defined as “professional services provided to a person experiencing a drug overdose by a health care professional licensed, registered, or certified under State law who, acting within his or her lawful scope of practice, may provide diagnosis, treatment, or emergency services for a person experiencing a drug overdose.” Vt. Stat. Ann. tit. 18, § 4254(a)(2). “Seeks medical assistance” includes “providing care to someone who is experiencing a drug overdose while awaiting the arrival of medical assistance to aid the overdose victim.” Vt. Stat. Ann. tit. 18, § 4254(a)(3).

<sup>285</sup> “The immunity provisions of this section apply only to the use and derivative use of evidence gained as a proximate result of the person’s seeking medical assistance for a drug overdose, being the subject of a good faith request for medical assistance, being at the scene, or being within close proximity to any person at the scene of the drug overdose for which medical assistance was sought and do not preclude prosecution of the person on the basis of evidence obtained from an independent source.” Vt. Stat. Ann. tit. 18, § 4254(g).

<sup>286</sup> “The immunity provisions of this section apply only to the use and derivative use of evidence gained as a proximate result of the person’s seeking medical assistance for a drug overdose, being the subject of a good faith request for medical assistance, being at the scene, or being within close proximity to any person at the scene of the drug overdose for which medical assistance was sought and do not preclude prosecution of the person on the basis of evidence obtained from an independent source.” Vt. Stat. Ann. tit. 18, § 4254 (g).

<sup>287</sup> Immunity is granted for any violation of the chapter, which includes possession of regulated drugs. Vt. Stat. Ann. tit. 18, § 4254.

<sup>288</sup> Simple possession of drug paraphernalia is not a crime in Vermont. Vt. Stat. Ann. tit. 18, § 4476.

<sup>289</sup> Seeker and person experiencing OD will “not be subject to any sanction for a violation of a condition of pretrial release, probation, furlough, or parole for a violation of this chapter or 7 V.S.A. § 656 for being at the scene of the drug overdose or for being within close proximity to any person at the scene of the drug overdose.” Vt. Stat. Ann. tit. 18, § 4254(e).

<sup>290</sup> Per Vermont law, a qualifying individual “shall not be cited, arrested, or prosecuted for a violation of this chapter.” Vt. Stat. Ann. tit. 18, § 4254. The chapter, “Possession and Control of Regulated Drugs,” covers most drug offenses. Civil forfeiture protection is provided as well.

<sup>291</sup> “The act of seeking medical assistance for or by someone who is experiencing a drug overdose shall be considered a mitigating circumstance at sentencing for a violation of any other offense.” Vt. Stat. Ann. tit. 18, § 4254(f).

<sup>292</sup> Changes made to Wash. Rev. Code § 69.50.315 on July 24, 2015, removed provisions allowing the obtaining, possession, and administration of naloxone but made no changes to the Good Samaritan provisions. Several amendments to the mitigation law since June 10, 2020 have not affected the provisions regarding providing assistance to someone experiencing an overdose.

<sup>293</sup> “A person acting in good faith who seeks medical assistance for someone experiencing a drug-related overdose . . .” Wash. Rev. Code § 69.50.315.

<sup>294</sup> Immunity is provided for “possession of a controlled substance pursuant to RCW 69.50.4013, or penalized under RCW 69.50.4014, if the evidence for the charge of possession of a controlled substance was obtained as a result of the person seeking medical assistance.” Wash. Rev. Code § 69.50.315.

<sup>295</sup> Simple possession of drug paraphernalia is not a crime in Washington. Wash. Rev. Code § 69.50.412.

<sup>296</sup> “The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. (1) Mitigating Circumstances--Court to Consider: “... (i) The defendant was making a good faith effort to obtain or provide medical assistance for someone who is experiencing a drug-related overdose

<sup>297</sup> Effective March 19, 2016, possession of a masking agent under § 961.69(2) was added to the list of immunities from criminal prosecution for an aider. Wis. Stat. § 961.443(2) (2016). In June 2017 “emergency medical technician” was changed to “emergency medical services practitioner”. The law changed effective July 19, 2017 in several important ways. First, to be considered an “aider”, an individual must not only bring another person to a facility, but also “make contact with an individual who staffs the emergency room, hospital, fire station, or other health care facility.” Previously, protection was provided if the aider “believes” another person is suffering from an overdose; the revision changes the standard to “if a reasonable person would believe” another person is suffering from an overdose. Wis. Stat. § 961.443(1)(a) (2017). A subsection was added to provide immunity from revocation of parole, probation, or extended supervision. Wis. Stat. § 961.443(2)(b)(1) (2017). An additional section was created stating that district attorneys shall offer aided person, who is subject to prosecution for drug paraphernalia, controlled substance, controlled substance analog, or masking agent, a deferred prosecution agreement. Wis. Stat. § 961.443(2)(b)(2) (2017). On September 23, 2017, immunity for bail jumping under § 961.573 was added. Effective August 1, 2020, the sections regarding immunity for the aided person, as well as the protections from probation and parole violations and those for bail jumping, are removed. Wis. Stat. § 961.443(2).

<sup>298</sup> Protection from probation and parole violations were provided to the aided person if they met certain conditions from July 19, 2017 through July 31, 2020 but were removed as of that date.

<sup>299</sup> “In this section, “aider” means a person who does any of the following: (a) brings another person to an emergency room, hospital, fire station, or other health care facility and makes contact with an individual who staffs the emergency room, hospital, fire station, or other health care facility if the other person is, or if a reasonable person would believe him or her to be, suffering from an overdose of, or other adverse reaction to, any controlled substance or controlled substance analog; (b) summons and makes contact with a law enforcement officer, ambulance, emergency medical services practitioner, as defined in s. 356.01(5), or other health care provider, in order to assist another person if the other person is, or if a reasonable person would believe him or her to be, suffering from an overdose of, or other adverse reaction to, any controlled substance or controlled substance analog; (c) calls the telephone number “911” or, in an area in which the telephone number “911” is not available, the number for an emergency medical service provider, and makes contact with an individual answering the number with the intent to obtain assistance for another person if the other person is, or

if a reasonable person would believe him or her to be, suffering from an overdose of, or other adverse reaction to, any controlled substance or controlled substance analog.” Wis. Stat. § 961.443(1).

<sup>300</sup> “An aider is immune from prosecution “under s. 961.573 for the possession of drug paraphernalia, under s. 961.41(3g) for the possession of a controlled substance or a controlled substance analog, and under s. 961.69(2) for possession of a masking agent.” Wis. Stat. Ann. § 961.443(2)(a). Per WI ST 961.41(3)(g), “no person may possess or attempt to possess a controlled substances or controlled substances analog unless the person obtains the substance or the analog directly from, or pursuant to a valid prescription or order of, a practitioner who is acting in the course of his or her professional practice, or unless the person is otherwise authorized by this chapter to possess the substance or the analog.” Wis. Stat. Ann. § 961.443(3)(g).

<sup>301</sup> “An aider is immune from prosecution under s. 961.573 for the possession of drug paraphernalia...” Wis. Stat. § 961.443 (2).

<sup>302</sup> Protection from probation and parole violations for both the aider and the aided were provided from July 19, 2017 through July 31, 2020 but were removed as of that date.

<sup>303</sup> Amendments to W. Va. Code § 16-47-5 effective May 9, 2018 were not substantive.

<sup>304</sup> The law does not explicitly state that a person can not obtain immunity if they seek assistance for themselves. However, since one of the requirements is that the person seeking assistance remain with the person who overdosed, we think it likely that that was the intention.

<sup>305</sup> Under West Virginia law, a person who seeks emergency medical assistance for another experiencing an overdose “may not be held criminally responsible” for possessing controlled substances. W. Va. Code § 16-47-4(a)(9).

<sup>306</sup> Simple possession of drug paraphernalia is not a crime in West Virginia. W. Va. Code § 47-19-1 et seq.

<sup>307</sup> “A person who seeks assistance pursuant to subsection (a) of this section is not subject to any sanction for a violation of a condition of pretrial release, probation, furlough or parole.” W. Va. Code § 16-47-4(g).

<sup>308</sup> “Appearing in a public place in an intoxicated condition...” W. Va. Code § 16-47-4 (10).

<sup>309</sup> “Evidence of seeking emergency medical assistance for a person who reasonably appears to be experiencing an overdose may be considered by a court or jury as a mitigating factor in the sentencing phase of a criminal proceeding in a prosecution for which immunity is not granted.” W. Va. Code § 16-47-4(d).

<sup>310</sup> Wyoming does not prohibit the simple possession of paraphernalia, but it is “unlawful for any person to deliver, or possess with intent to deliver, drug paraphernalia.” Wyo. Stat. Ann. § 35-7-1056.
